a. Additional Information

The specifications listed above to be taken as minimum criteria only. Submissions that exceed or come under these specifications will still be considered and determined by the works manger if they are accepted or not

Suppliers are requested to ensure quote includes the above items:

4. DELIVERY AND INSPECTION

The supplier shall supply a date for the delivery of the new machine complete as specified and offered and ready for immediate use to the Shire of Wickepin's depot.

Suppliers shall take into account any possible delay in delivery of the new machine and factor this into their price. Council will not be liable for price increases or wear and tear on the trade-in machine should an extended delay in delivery be encountered.

If requested, the supplier shall make the Ute offered in their submission available for a demonstration and/or inspection by Council's Works Manager prior to the acceptance of any quote.

The vehicle will be deemed as accepted when the Works Manager or his representative has inspected it, completed all operating tests and is satisfied that the machine is complete as specified and ready for immediate use.

5. PRODUCT WARRANTY

The supplier shall outline all warranty and defect replacement details with the submission of the quotation documents. Please note the option for pricing on an extended warranty.

6. PRODUCT STANDARD

The product will be to a standard commensurate with all relevant specifications and standards currently in place in Western Australia. At the request of the Works Manager the contractor will supply appropriate details to confirm and verify the product standard in accordance with those specifications.

7. REGISTRATION DETAILS

The vehicles are to be licensed to the 30th June 2021. The supplier will meet all costs associated with the registration of the vehicle. Council wants to retain original number plates which is on the current Ute so a plate change on the day of delivery will be needed

8. TRADE-IN VEHICLES
