11 President's Report

A warm welcome is extended to Olivia Melville-Main who has joined us as our Community and Economic Development Officer. We look forward to working with you on future projects.

On Friday 25th August Chief Executive Officer, Nathan and myself travelled to Kulin to attend the Central Country Zone of WALGA meeting.

Before the full meeting, WALGA facilitated a Strategic Forum where we discussed in groups the "Role and Purpose of the Central Country Zone". The information gathered will be presented back to the members at a future Zone meeting for further analysis and discussions.

Presenting to the full Zone meeting were NBN Local WA, Regional Development WA, Main Roads WA, Members of State Parliament before Zone business was attended to.

Monday 4th September 2023 saw Wickepin Shire Council formally acknowledge the taking over from contracted builder – Kbuilt- of the Independent Living Unit Complex building site in Johnston Street. Construction of the units can now be finished completely by local tradespeople.

On Friday 8th September CEO Nathan, MOW Graeme and myself attended the Wheatbelt South Regional Road Group meeting in Wickepin. Presentations were made by Peter Hall, program Manager of WSNF; Rodney Thornton, WALGA Roadwise; and Main Roads WA Asset Management team. Robust discussion was held regarding the Annual Works Program and the ageing road network.

Friday evening saw Wickepin Shire say "Thank You and Good-bye" to our long term employee in Colin Plumb, who came originally from Main Roads Department in Kalgoorlie as our Manager of Works in 1998, but quickly decided that was not his cup of tea, and he reverted back to plant operating, and in particular, grader driving. He did a fabulous job of looking after our gravel roads and will be missed within the community at the various activities that he participated in, and especially raising the flag at our annual ANZAC Day Service.

Thank You Colin, and Good Luck in your new home in Moora with your family.

Summary

The Shire of Wickepin has been allocated \$573,783 in Phase Four (4) of the Commonwealth’s Local Roads and Community Infrastructure Program.

Council is requested to approve the proposed Work Schedules for submission to the Local Roads and Community Infrastructure Program – Phase Four (4) Grant.

Background

The Commonwealth of Australia, represented by the Department of Infrastructure, Transport, Regional Development, Communications and the Arts, has recently released the conditions and guidelines for the Phase Four (4) Grant of the Local Roads and Community Infrastructure Program (“LRCI Program”).

Phase Four (4) of the LRCI Program is a temporary measure of direct funding to local councils to deliver local road and community infrastructure projects, supporting local jobs, firms and procurement.

The objective of the LRCI Program is to support additional infrastructure construction activities in local communities across Australia.

The intended outcome of the LRCI Program is to deliver benefits to communities, such as improved road safety, accessibility and visual amenity.

The LRCI Program is administered by the Department of Infrastructure, Transport, Regional Development and Communication (“the Department”).

The Shire of Wickepin has been allocated a total maximum grant of \$573,783, broken down as follows –

- \$363,886 for approved local road and community infrastructure projects (Part A projects), and
- \$209,897 for approved road projects in regional, rural and outer-urban areas only (Part B projects), unless otherwise agreed by the Department.

Below is a list of previous initiatives in the Shire of Wickepin which have been funded with the assistance of the LRCI Program –

- Closed circuit TV (CCTV) system in Wickepin
- Improvements to the Wickepin Swimming Pool
- Construction of the Wickepin Townsite Playground
- Renovation to the Lake Yealering Foreshore ablution facilities

Projects funded under Phase Four (4) are to be physically completed by 30 June 2025.

Comments

Shire officers have contacted the Department for further clarification regarding this Phase of the LRCI Program, with the following confirmation provided –

- Co-contributions are not required under the LRCI Program, although are permitted to be used to help fund a project.
- A project can be funded by a combination of funds, including State Government funding.
- A 'use it or lose it' principle is applied, meaning funds unspent by the required deadlines will be forfeit.
- Grant money can only be used on eligible projects, and must deliver demonstrable benefits to the community.
- Funding is not intended to replace existing expenditure commitments or regular scheduled maintenance, rather to enable further, additional expenditure as needed to address infrastructure issues.
- Part B should be spent on eligible road projects on eligible roads as, only in exceptional circumstances, will Part B funds be eligible for use on Part A projects.

Part A eligible projects include, although are not limited to, –

- Local road projects which involve the construction or maintenance of roads managed by local government,
- Traffic signs,
- Traffic calming / control equipment,
- Street lighting equipment,
- A bridge or tunnel,
- A facility off the road used by heavy vehicles in connection with travel on the road (for example, a rest area or weigh station),
- Facilities off the road which support the visitor economy,
- Road and pathway maintenance (where it can be demonstrated this is additional to normal works schedules),
- Eligible community infrastructure projects which involve the construction, maintenance and / or improvements to council-owned assets which are primarily for the direct use and benefit of the local community,
- Closed circuit TV (CCTV),
- Bicycle and walking paths,
- Painting or improvements to community facilities,
- Repairing and replacing fencing,
- Improved accessibility of community facilities and areas,
- Landscaping improvements, such as tree planting and street beautification,
- Picnic shelters or barbecue facilities at community parks,
- Community / public art associated with an eligible project,

- Playgrounds and skate parks,
- Noise and vibration mitigation measures,
- Off-road car parks (such as those at sporting grounds or parks), and
- Projects which support the transition to Net Zero for council-owned assets.

Part B eligible projects include, although are not limited to, –

- Road projects in regional, rural and outer-urban areas only,
- Sealing / resealing of eligible roads,
- Realignment of eligible roads,
- Removal / improvements to bridges on eligible roads,
- Safety improvements on eligible roads,
- A facility off the road used by heavy vehicles in connection with travel on the road (for example, a rest area or weigh station),
- Facilities off the road which support the visitor economy.

Council members previously discussed possible projects for consideration at the August 2023 Council Forum.

Some of these projects included –

Part A

- Renovation and improvements to the Harrismith Townsite Playground,
- Improvements to the Wickepin Community Centre,
- Renovation and improvements to the Wickepin Community Centre Playground,
- Accessibility improvements to the Wickepin Swimming Pool Toilet Facilities,
- Provision of playground facilities at the Harrismith Golf Club, and
- Provision of Toilet and Shower Facilities at the Toolibin Tennis Club.

Part A or B

- Traffic pull-off bay installation in Harrismith,
- Electronic traffic speed monitoring signage in Wickepin,
- Improvements to, and realignment of, the pathway along Wogolin Road, Wickepin east of Rintel Street,
- Asphalt sealing of car-park area in Wickepin (near fuel bowsers),
- Lake Yealering foreshore car-park sealing, and
- Bitumen sealing of Yarling Brook Road north of Yarling Brook.

As per direction provided at the August 2023 Council Forum, Shire officers have undertaken initial project costings and scoping on the above projects, with the detail as follows for Part A projects –

- Renovation and improvements to the Harrismith Townsite Playground
The scope of works includes the installation of pine bark soft fall, concrete kerbing, surrounding pool fencing, and shade sails at the Harrismith Townsite Playground. Approximate cost estimation \$95,000 ex GST.
- Improvements / renovation to the Wickepin Community Centre
The scope of works has not been fully explored, however is likely to include a major renovation to all change rooms, replacement of ceiling panels in the function and mezzanine

areas, and external heating to the verandah area at the Wickepin Community Centre. As the scope of works has not been fully undertaken an allowance of \$60,000 ex GST is made.

- Renovation and improvements to the Wickepin Community Centre Playground
The scope of works includes the removal of the existing equipment, new playground structure, surrounding pool fencing, rubberised soft fall, and shade sails at the Wickepin Community Centre Playground. Approximate cost estimation \$140,000 ex GST.
- Accessibility improvements to the Wickepin Swimming Pool Toilet Facilities
The scope of works includes built structure modifications to both the male and female toilet facilities at the Wickepin Swimming Pool for wheelchair and other disability access. Modification to the interior cubicles will also be required. Approximate cost estimation \$30,000 ex GST.
- Provision of toilet and shower facilities at the Toolibin Tennis Club
In partnership with the Toolibin Tennis Club, the scope of works includes the installation of two (2) transportable toilet and shower facilities as Stage One (1) of the Toolibin Tennis Club's reinvigoration program. The funds sought from the LRCI Program are approximately \$40,000 ex GST.
- Provision of playground facilities at the Harrismith Golf Club
The scope of works includes the provision of playground facilities, surrounding pool fencing, soft fall, and shade sails at the Harrismith Golf Club. Approximate cost estimation \$95,000 ex GST.

The projects listed above total \$460,000 ex GST which means the Part A allocation will be oversubscribed by \$95,000 ex GST.

Shire officers recommend only one playground be considered for the Harrismith area, and the preference for this be located at the Harrismith Golf Club (thus balancing the Part A funding allocation).

As per direction provided at the August 2023 Council Forum, Shire officers have undertaken initial project costings and scoping on the above projects, with the detail as follows for Part B projects –

- Traffic pull-off bay installation in Harrismith
The scope of works includes the creation of a three (3) to five (5) car sealed pull-off area near the recently installed toilet facilities in Harrismith, which will include an upgrade to the adjacent pathway. Approximate cost estimation \$50,000 ex GST.
- Electronic traffic speed monitoring signage
The scope of works includes the purchase and installation of three (3) electronic traffic speed monitoring signs, initially for the Wickepin townsite. The signs, which are installed in sleeves in the ground meaning they can be located throughout the Shire, provide a visible indication to drivers if they are exceeding the posted speed limit. Approximate cost estimation \$30,000 ex GST.

- Improvements to, and realignment of, the pathway along Wogolin Road, Wickepin east of Rintel Street
The scope of works includes installation of a new concrete pathway along Wogolin Road, Wickepin east of Rintel Street which will be on a new alignment safely away from the main road. Relocation of golf tee-off areas, removal of trees, and some retaining works will be required. Approximate cost estimation \$45,000 ex GST.
- Asphalt sealing of car-park area in Wickepin (near fuel bowsers)
The scope of works includes installation of an asphalt car-park to replace the current bitumen sealed car park in the car-park between the fuel bowsers and Wogolin Road, Wickepin, minor redesign works, and new kerbing to the location. Approximate cost estimation \$35,000 ex GST.
- Lake Yealering Foreshore car-park sealing
The scope of works, which has not yet been fully designed or costed, includes the bitumen sealing of some or all of the car-park/s in the Lake Yealering Foreshore Precinct. The project could be considered as a “maximum contribution” project (i.e. whatever funds are left over from the other projects and still remaining unallocated). Approximate funds remaining, after the above four (4) projects are considered, is \$50,000 ex GST.
- Bitumen sealing of Yarling Brook Road north of Yarling Brook
The scope of works, which has not been fully designed or costed, includes the bitumen sealing of an, as yet, unknown length of Yarling Brook Road north of Yarling Brook. The project could be considered as a “maximum contribution” project (i.e. whatever funds are left over from the other projects and still remaining unallocated). Approximate funds remaining, after the first four (4) projects are considered, is \$50,000 ex GST.

The first four (4) projects listed above (which are scoped) total \$160,000 ex GST which means the Part B allocation has \$50,000 ex GST remaining.

Council is not required to provide a fully allocated set of work schedules and can choose to nominate projects at a later stage.

Council is requested to approve the proposed Work Schedules for submission to the Local Roads and Community Infrastructure Program – Phase Four (4) Grant.

Statutory Environment

Local Government Act 1995 - Section 3.1 General function

The general function of a local government is to provide for the good government of persons in its district.

Summary

Shire officers recently requested tenders for the redevelopment of the Lake Yealering Ablution Block Redevelopment.

Council is requested to decline to accept any tenders.

Background

In July 2023 Shire officers requested tenders for the redevelopment of the Lake Yealering Ablution Block, on the Western Australian Local Government Association's ("WALGA") Preferred Supplier e-Quotes System.

The tender documentation sought the supply and delivery of redevelopment and remediation works at the Lake Yealering Ablution Block, including the provision of accessibility inclusions.

Additionally, tender submissions were required to include the following –

- Meet a schedule of materials and finishes, and
- Meet a schedule of furniture, fixtures, fittings and equipment.

Tender submissions failing to complete all information requirements contained within the tender documentation schedules will be rejected.

The information requirements included, although were not limited to, –

- Breakdown pricing for all associated trades,
- Demonstration of licences and ability to complete the works, and
- Demonstration of required insurance.

The selection criteria, and associated weighting, for consideration in determining the successful complying tender submission are listed below –

- Price (100% weighting)

Twenty-one (21) suppliers were notified of the request for tender.

Comments

Tender submissions closed at 4:00pm Friday 1 September 2023.

At the close of the submission period three (3) complying submissions were received with zero (0) non-complying submissions (a total of three (3) submissions).

The assessment of the submissions was formally undertaken by the Manager Works and Services.

Tender submissions were received from, in the order they were considered, –

- Oban Group Pty Ltd
- Bidi Facility Services Pty Ltd
- Dreamtime Mia Building and Maintenance Services

Following assessment no submission was considered advantageous to accept.

Council is requested to decline to accept any tenders.

Statutory Environment

Local Government Act 1995 – Section 3.57

A local government is required to invite tenders before it enters into a contract of a prescribed kind under which another person is to supply goods or services.

Local Government (Functions and General) Regulations 1996 – Division 2 Part 4

Tenders shall be invited before the Shire enters into a contract for another person to supply goods or services if the consideration under the contract is or is expected to exceed \$250,000.

Local Government (Functions and General) Regulations 1996 – Regulation 18 Rejecting and accepting tenders

A local government may reject, accept or decline to accept any or all tenders received through a request for tender process.

Policy Implications

Council Policy 3.1.6 Purchasing

Purchases which may be in excess of \$250,000 ex GST must be tendered.

Financial Implications

The funds available to complete the project are sourced from the Local Roads and Community Infrastructure Program and total \$258,500 ex GST.

The submitted tenders are outside the funds available to complete the works, according to the grant conditions.

Future Financial Years

Maintenance costs associated with proposed works will occur. The substance of the proposed works is likely to have a minor impact on future maintenance costs.

Strategic Implications

Shire of Wickepin Strategic Community Plan – Goal 4 Maintain Shire owned facilities in a strategic manner and also to meet community needs

Summary

Shire officers recently requested tenders for the supply and delivery of a Front-End Loader, which also included the trade-in of the Shire's current Front-End Loader.

Council is requested to accept the tender submission from Hitachi Construction Machinery (Australia) Pty Ltd.

Background

In August 2023 Shire officers requested tenders for the supply and delivery of a Front-End Loader, which also included the trade-in of the Shire's current Front-End Loader, on the Western Australian Local Government Association's ("WALGA") Preferred Supplier e-Quotes System.

The tender documentation sought the supply and delivery of a similarly sized Front-End Loader (as currently held by the Shire), and to include –

- UHF Radio Uniden 80 channel,
- Attachments to include rake grapple and forks,
- Load rite or similar weighting device, and
- Flashing beacon.

Additionally, tender submissions were required to include the following –

- One (1) year licensing,
- Upon supply the machine must be available for immediate use,
- All warranty and defect replacement details, with the option for extended warranty,
- Compliance with all relevant specifications and standards currently in place for Western Australia, and
- Allowance for the trade-in of a 2014 Komatsu 250 Loader (approximately 4,892 hours) "as is, where is".

Tender submissions failing to complete all information will be rejected.

The information requirements included, although were not limited to, –

- Make and model of Front-End Loader,
- Date of manufacture,
- Delivery month and anticipated supply date,
- Purchase price of supplied machine only or purchase price of supplied machine when included with trade-in of existing machine.

The selection criteria, and associated weighting, for consideration in determining the successful complying tender submission are listed below –

- Price (60% weighting)
- Demonstrated experience with after-sales support and on-site service of the machine (15% weighting)
- Operator feedback from demonstration (25% weighting)

Twenty-five (25) suppliers were notified of the request for tender.

Comments

Tender submissions closed at 4:00pm Wednesday 6 September 2023.

At the close of the submission period nine (9) complying submissions were received with zero (0) non-complying submissions (a total of nine (9) submissions).

Tender submissions were received from, in the order they were considered, –

- CJD Equipment Pty Ltd,
- Construction Equipment Australia,
- AFGRI Equipment John Deere Construction,
- Hitachi Construction Machinery (Australia) Pty Ltd,
- Komatsu Australia Pty Ltd,
- McIntosh and Son (1),
- McIntosh and Son (2),
- Porter Equipment Australia Pty Ltd, and
- WesTrac Pty Ltd.

The assessment of the submissions was formally undertaken by the Manager Works and Services.

Eight (8) submissions elected to provide a purchase and trade-in combined price and one (1) submission included only a purchase price.

Following assessment the below ranking order was determined –

1. Hitachi Construction Machinery (Australia) Pty Ltd
2. Porter Equipment Australia Pty Ltd
3. McIntosh and Son (2)
4. AFGRI Equipment
5. Construction Equipment Australia
6. WesTrac Pty Ltd
7. CJD Equipment Pty Ltd
