SHIRE OF WICKEPIN QUESTIONS FROM THE PUBLIC

The Shire of Wickepin welcomes community participation during public question time. The following is a summary of procedure and a guide to completion of the required form.

- a. The person asking the question is to give their name and address prior to asking the question.
- b. Questions are to be directed through the chair, with the Presiding Member having the discretion of accepting or rejecting a question and the right to nominate a Councillor or Officer to answer.
- c. In order to provide an opportunity for the greatest portion of the gallery to take advantage of question time, questions are to be as succinct as possible. Any preamble to questions should therefore be minimal and no debating of the issue between the Gallery, Councillors or Officers is permissible.
- d. Where the Presiding Member rules that a member of the public is making a statement during public question time, then no answer is required to be given or recorded in response.
- e. Questions which are considered inappropriate; offensive or otherwise not in good faith; duplicates or variations of earlier questions; relating to the personal affairs or actions of Council members or employees; will be refused by the Presiding Member as 'out of order' and will not be recorded in the minutes.
- f. Where a member of the public submitting a question is not physically present at the meeting, those questions will be treated as an item of correspondence and will be answered in the normal course of business (and not be recorded in the minutes).
- g. Questions from members of the public that do not comply with the Rules of Question Time or do not abide by a ruling from the Presiding Member, or where the member of the public behaves in a manner in which they are disrespectful of the Presiding Member or Council, or refuse to abide by any reasonable direction from the Presiding Member, will be ruled 'out of order' and the question will not be recorded in the minutes.
- h. Answers to questions provided in good faith, however, unless reasonable prior written notice of the question is given, answers should not be relied upon as being totally comprehensive.
- i. Where a question (compliant to these rules) is raised and is unable to be answered at the meeting, the question shall be 'taken on notice' with an answer being given at the next appropriate Council Meeting.
- j. Public Question Time is set for a maximum period of 15 minutes, and will terminate earlier should no questions be forthcoming.
- k. To enable all members of the public a fair and equitable opportunity to participate in Public Question Time, each person shall be provided a maximum two minutes time limit in the first instance, in which to ask a maximum of two questions (whether these are submitted 'in writing' or 'from the floor'). A question may include a request for the tabling of documents where these are relevant to an issue before Council.
- l. Questions to be asked at the meeting will be registered, and the priority for asking questions shall be firstly 'questions on which written notice has been given prior to the meeting' (that is, prior to 12 noon on the day immediately preceding the meeting) and secondly, 'questions from the floor'.
- m. Should there be time remaining on the initial period for Public Question Time (i.e. 15 minutes) after all members of the public have posed their initial allotment of two questions, the Presiding Member will then allow members of the public to sequentially (in accordance with the register) ask a further two questions (with a two minute time limit) until the initial period for Public Question Time has expired.
- n. Any extension to the initial period for Public Question Time is to be limited to a period that will allow sufficient time for any remaining members of the public to ask their initial allotment of two questions.

- 5.5.2** Any councillor may move without notice a procedural motion of dissent in respect of the Presiding Members ruling that the business is not worthy of inclusion as urgent business. Summary:

Council is being requested to allow Cr Nathan Astbury to attend the 21 October 2020 Ordinary meeting of Council via telephone link-up from Perth WA.

Background:

Council has received a request from Cr Nathan Astbury to attend the 21 October 2020 Council meeting via telephone link-up from Perth WA.

Comments:

Under Section 5.25(ba) of the *Local Government Act 1995* Councillors may attend any meeting of Council via telephone or other conferencing facilities as long as it is a resolution of Council passed by absolute majority allowing them to do so.

For the purposes of Administration Regulation 14A, a person who is not physically present at a council or committee meeting is to be taken to be 'present' (remote participation) if:

- the person is simultaneously in audio contact with each person present at the meeting by telephone or other instantaneous communication means
- the person is in a suitable place (approved by an absolute majority decision of council), and
- the council has approved (by absolute majority decision) the arrangement.

Council cannot grant its approval for remote participation (non-physical attendance) if it means that at more than half of the meetings of the council or the committee in that financial year, the person would be participating 'remotely.'

For a person to have approval for remote participation (non-physical attendance) at a council or a committee meeting, council has to approve (by an absolute majority decision) the suitable place for the person to be physically present during the course of the meeting.

Approval for remote participation at a council or committee meeting can only be given if the elected member is in a suitable place. Council must approve the suitable place by an absolute majority decision and that suitable place must meet the requirements of Administration Regulation 14A(4), and is a place located:

- in a townsite (as defined under section 3(1) of the *Land Administration Act 1997*) or other residential area, and
- 150km or further from the place at which the meeting is to be held, in accordance with the notice calling the meeting.

It is not possible to use Regulation 14A to allow an elected member who is outside the State of Western Australia to participate in a meeting.

This is because a 'suitable place' is defined under the Land Administration Act 1997 which only applies to the State of Western Australia. The department's view is that the definition, 'or other residential area', would have to be interpreted as being limited to a place of the same kind as a 'townsite'.

Administration Regulation 14B(1) provides for a council member to be recorded in the minutes of a council meeting as being 'present' if they are prevented from physically attending a council meeting by fire, flood, storm, lightning or other natural disaster as long as they participate by remote attendance. In this instance, this regulation does not depend on the requirement of there being 'a suitable place'.

The member must be continuously and simultaneously in audio contact with each person present at the meeting by telephone or other instantaneous communication means and the member must have the authorisation to be present from the mayor or president, or from the council (simple majority decision).

Cr Nathan Astbury will be in Perth and as this will 150Km or further from the place at which the meeting is to be held, in accordance with the notice calling the meeting, it complies with Administration Regulation 14B(1) and Cr Nathan Astbury needs to be permitted by absolute majority of Council to attend by telephone link-up.

- e. Questions which are considered inappropriate; offensive or otherwise not in good faith; duplicates or variations of earlier questions; relating to the personal affairs or actions of Council members or employees; will be refused by the Presiding Member as 'out of order' and will not be recorded in the minutes.
- f. Where a member of the public submitting a question is not physically present at the meeting, those questions will be treated as an item of correspondence and will be answered in the normal course of business (and not be recorded in the minutes).
- g. Questions from members of the public that do not comply with the Rules of Question Time or do not abide by a ruling from the Presiding Member, or where the member of the public behaves in a manner in which they are disrespectful of the Presiding Member or Council, or refuse to abide by any reasonable direction from the Presiding Member, will be ruled 'out of order' and the question will not be recorded in the minutes.
- h. Answers to questions provided in good faith, however, unless reasonable prior written notice of the question is given, answers should not be relied upon as being totally comprehensive.
- i. Where a question (compliant to these rules) is raised and is unable to be answered at the meeting, the question shall be 'taken on notice' with an answer being given at the next appropriate Council Meeting.
- j. Public Question Time is set for a maximum period of 15 minutes, and will terminate earlier should no questions be forthcoming.
- k. To enable all members of the public a fair and equitable opportunity to participate in Public Question Time, each person shall be provided a maximum two minutes time limit in the first instance, in which to ask a maximum of two questions (whether these are submitted 'in writing' or 'from the floor'). A question may include a request for the tabling of documents where these are relevant to an issue before Council.
- l. Questions to be asked at the meeting will be registered, and the priority for asking questions shall be firstly 'questions on which written notice has been given prior to the meeting' (that is, prior to 12 noon on the day immediately preceding the meeting) and secondly, 'questions from the floor'.
- m. Should there be time remaining on the initial period for Public Question Time (i.e. 15 minutes) after all members of the public have posed their initial allotment of two questions, the Presiding Member will then allow members of the public to sequentially (in accordance with the register) ask a further two questions (with a two minute time limit) until the initial period for Public Question Time has expired.
- n. Any extension to the initial period for Public Question Time is to be limited to a period that will allow sufficient time for any remaining members of the public to ask their initial allotment of two questions.

SHIRE OF WICKEPIN
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 30 September 2020

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this statement are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Critical Accounting Estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

(b) The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in this statement.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 12.

(c) Rounding Off Figures

All figures shown in this statement are rounded to the nearest dollar.

(d) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

(e) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable.

The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

SHIRE OF WICKEPIN
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 30 September 2020

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

(g) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

(h) Inventories

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land Held for Resale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

(i) Fixed Assets

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead.

Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Depreciation of Non-Current Assets

All non-current assets having a limited useful life are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation rates and periods are:

Buildings	30 to 50 years
Furniture and Equipment	4 to 10 years
Plant and Equipment	5 to 15 years
Roads	20 to 50 years
Footpaths	20 years
Sewerage Piping	100 years
Water Supply Piping and Drainage Systems	75 years

(k) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

(l) Employee Benefits

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs.

(ii) Annual Leave and Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 30 September 2020

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(m) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

(n) Provisions

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

(o) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

10.2.04 – Application for Planning Consent: Change of Use From Place of Worship to Single Dwelling at Lot 9 (No. 16) Railway Avenue, Harrismith

Submission To:	Ordinary Council
Location / Address:	Lot 9 (No. 16) Railway Avenue, Harrismith
Name of Applicant:	Rikky-Lea Turnbull
File Reference:	A6668
Author:	David Johnston, Planning Officer, Shire of Narrogin

Attachment 1 – Planning Application

Attachment 3 – inHerit extract

Summary:

Council's consideration is requested in regards to the proposed change of land use from 'Place of Worship' to 'Single Dwelling' at Lot 9 (No. 16) Railway Avenue, Harrismith.

Background:

On 17 August 2020, the Shire received a Planning Application from Ms. Rikky-Lea Turnbull for the change of use of the existing disused church into a "Single Dwelling".

The proposal does not include a works component at this time as the owner would like assurance that Council supports a change of use before spending considerable funds on architectural drafting. Ms Turnbull's future plans for the dwelling comprise of the following:

- Brick and tile extension for bathroom and laundry facilities matching existing architecture to be developed as a separate building.
- 6x6m carport to join onto the bathroom and laundry.
- Enclosed patio on west side of church building.
- Rebuild boundary fence part using original bricks found on site and part Colourbond.

These proposals will be included in a future application once they have been drafted up.

Comments:

Zoning

Under the Shire of Wickepin Local Planning Scheme No. 4, Lot 9 (No. 16) Railway Avenue, Harrismith is zoned 'Rural Townsite' and is located in Special Control Area 1.

The objectives of the Rural Townsite zone are:

- *"To provide for a consolidated, accessible, safe and vibrant townsite with a mix of compatible uses that may be found in a small country town.*
- *To protect, maintain and enhance where possible the visual elements of the town particularly its rural setting and character.*
- *To protect the residential amenity of the town from commercial or industrial uses.*
- *To provide for the protection of the natural environment."*

A 'Single Dwelling' in the Rural Townsite zone is a 'P' use which means;

“that the use is permitted by the Scheme providing the use complies with the relevant development standards and the requirements of the Scheme.”

It is recommended that Council support the change of use, subject to the building not being used for habitation until all necessary works for conversion to a dwelling are completed.

Heritage

Lot 9 (No. 16) Railway Avenue is not listed in the Shire of Wickepin’s local heritage inventory, nor is it state heritage listed. The building is however, recognised by the Heritage Council as “to be assessed.” Advice received from the Department of Planning Lands and Heritage (DPLH) on behalf of the Heritage Council stated that there is no statutory requirement to refer the application and that it would not be necessary for this change of use application to be referred, considering there is no works component. It is noted that any future application containing a works component is recommended for referral to DPLH.

The activation and reuse of the church building will ensure that the building does not fall into disrepair and will enhance the Harrismith townsite.

Statutory Environment: Shire of Wickepin Local Planning Scheme No. 4

Policy Implications: Not applicable.

Financial Implications:

An application for planning consent fee of \$147 has been paid to the Shire of Wickepin.

Strategic Implications: Nil

Regional WA is well known as one of the best places in the world to view the night sky. The low levels of light pollution makes it ideal for astrophotography and stargazing.

Carol Redford from Astrotoursim WA has worked tirelessly on establishing a stargazing trail across the Wheatbelt and Mid West over the past two years and Wickepin and nearby Lake Yealering are the latest additions.

Ms Redford presented the concept The Wickepin Shire Council and they immediately saw the potential to attract more visitors to the region.

“Astrotourism has the potential to attract visitors and create jobs in our region. A night time activity such as stargazing lends itself to making sure visitors stay overnight and we see the opportunity for ventures such as farm stays and organised astrophotography field trips” says Shire President, Cr Julie Russell. “Being an Astrotourism Town contributes to the Shire Strategic Community Plan’s aim to develop and improve foreshore amenities at Lake Yealering. It’s a natural asset which can be promoted as a stargazing and astrophotography destination for visitors”.

Summary:

Council is being requested to set the administration office trading hours for the 2020/2021 Christmas period.

Background:

In previous years, council has approved the closure of the administration office for the period between Christmas and New Year.

Comments:

Normally this time of the year is quiet and council generally allow staff time off over this period and the CEO believes the same should happen this year. In the previous years when the office is closed through the Christmas break we have advertised our hours both on the front counter, in the Watershed News and via social media to give people the opportunity of completing urgent business or licensing prior to the Christmas break. The normal closure in previous years has been found to be of very little inconvenience to the public.

Summary:

Council is being requested to sign the licence and assign the Common Seal to the licence of portion of Lot 3 (No 77) to Pivotel Mobile Pty Ltd.

Background:

Council gave permission to Pivotel Mobile Pty Ltd to install their equipment at the Shire of Wickepin Administration Centre on the grounds that there was a lease signed by both parties.

The CEO has been working with McLeods solicitors to draft a suitable lease with Pivotel Mobile Pty Ltd.

Attached to this agenda item is the final licence to Pivotel Mobile Pty Ltd for the installation of their equipment at the Shire of Wickepin Administration Centre.

Comments:

Advice received from McLeods is that the agreement should be by a licence and not a formal lease so the attached licence has been prepared by McLeods for council signing.

Statutory Environment:

Council's standing orders state the following for attaching the Shire of Wickepin Common Seal to documents:

Shire of Wickepin Standing Orders

- 21.2 Custody and Use of Common Seal
The Chief Executive Officer shall have charge of the common seal of the Council and shall be responsible for the safe custody and proper use of it.

Summary:

Background:

The CEO received the attached letter requesting permission for the Wickepin Football Club to erect a semi-permanent structure at the Wickepin Community Centre to allow for the displaying of the Wickepin Football Club Honour Boards currently at the Wickepin Hotel.

Comments:

This matter has been discussed at council before and following is an extract from 15 July 1997 minutes where the following resolution was passed by council:

“That no Honour Boards be placed in the Wickepin Community Centre”

C9.3 HONOUR BOARD

The Committee agreed that no Honour Boards be placed in the Wickepin Community Centre.

Comment (CEO)

Since the Recreation Ground Advisory Committee Meeting I have been approached by several members of sporting bodies associated with the Community Centre who have expressed disappointment in the Committee's decision not to allow Honour Boards.

Such Boards are common place in many other venues and I believe they give the buildings a certain atmosphere. I consider that Honour Boards could be placed in the building provided they were of a standard construction and high standard.

Recommendation (CEO)

That Council instruct the Recreation Ground Advisory Committee to accept the placing of Honour Boards at the Wickepin Community Centre from the Hockey, Football and Cricket Clubs provided they are constructed to a standard acceptable to the Committee.

Statutory Environment:

Local Government Act 1995

Policy Implications: Nil

Council does not have a policy in relation to "honour boards" at the Wickepin Community Centre but has been very cautious in past considerations. The most recent consideration was a request from the Wickepin Netball Club where approval was given to relocate their honour boards from the Wickepin District Sports Club to the Wickepin Community Centre Sports Pavilion

Financial Implications:

There are not any financial implications for Council in relation to this matter.

Strategic Implications:

There are not any strategic implications for Council in relation to this matter.

Comment:

There is currently only one honour board in the function room/bar area of the WCC which is the Leo Graham Medallists Board, aside from the Lang and Doncon Families Memorial Trophy Cabinet. The author does not have any objection to the proposal.

Summary:

Overwhelmingly the Wickepin Football Club are the largest sporting club which utilize the WCC in the shire community. The author believes the proposed honour board is a good initiative which would be a

great asset to the community in terms of recording some of the important history of a local sporting club.

Recommendation:

That Council advise the Wickepin Football Club it approves the installation of a “200 League Games” Honour Board at the Wickepin Community Centre on the condition the honour board is of similar size to the existing Leo Graham Medalists honour board.

Enclosure / Attachment: *Letter from Wickepin Netball Club*

Background:

The Wickepin Netball Club's honour boards are currently located at Wickepin District Netball Club. The WNC have indicated they wish to relocate their honour boards to the Wickepin Community Centre. They have verbally indicated they wish to locate them in the main sporting pavilion/court area rather than within the upper community centre function areas.

Comment:

Council does not have any official policy regarding the permanent erection of honour boards at the Wickepin Community Centre however the "unofficial" position has been that council not allow the displaying of honour boards permanently at the Wickepin Community Centre.

Statutory Environment:

Local Government Act 1995.

Strategic Implications:

Summary:

It is recommended that Council allow the Wickepin Netball Club to relocate their honour boards to the lower level of the Wickepin Community Centre (Sports Pavilion Area). This is their formal training area and they also host fixtures at the centre.

Recommendation:

That Council formally advises the Wickepin Netball Club they are granted permission to permanently erect the clubs honour boards at the Wickepin Community Centre in the main sports pavilion / court area.

Resolution No 150709-15**Moved Cr Astbury/ Seconded Cr Bird**

That Council formally advises the Wickepin Netball Club they are granted permission to permanently erect the clubs honour boards at the Wickepin Community Centre in the main sports pavilion / court area, and all maintenance and upkeep costs will be the Netball Club's responsibility.

Carried 6/0

Cr Hinkley returns to the chambers at 4.55pm.

The Wickepin Football Club Honour Boards should be able to be moved and installed at the Wickepin Community centre on the wall as shown in the photo below:

This is not a semi-permanent structure as requested but the Wickepin Football Club honours boards should be able to be permanently fixed to the wall on a permanent basis.

The CEO can see no reason why the current honour boards could not be moved to the Wickepin Community Centre but it should be that all the costs of moving and installing the Wickepin Football Club honour boards are at the cost of the Wickepin Football Club.

The Wickepin Football Club will also need to liaise with the owners of the Wickepin Hotel to remove the existing honour boards from their current location at the Wickepin Hotel.

Council would need to revoke the motion moved at the 15 July 1997 council meeting stating that no Honour Boards be placed in the Wickepin Community Centre as outlined in council's Standing Orders 16.19 as follows:

Statutory Environment:

Shire of Wickepin Standing Orders state the following:

16.19 Revoking or Changing Decisions Made at Council or Committee Meetings

16.19.1 A substantive motion may be revoked at any time provided that no action in relation to the resolution being rescinded has already occurred.

16.19.2 If a decision has been made at a council meeting, then any motion to revoke or change the decision must be supported-

- (a) in the case where an attempt to revoke or change the decision had been made within the previous 3 months but had failed, by an absolute majority; or
- (b) in any other case, by at least one third of the number of offices (whether vacant or not) of Councillors of the council or mover, inclusive of the mover.

16.19.3 This clause does not apply to the change of a decision unless the effect of the change would be that the decision would be revoked or would become substantially different.

Recommendations:

1. That council revoke the following resolution passed at the 15 July 1997 Ordinary Meeting of council.
2. That permission be granted to the Wickepin Football Club to permanently install the Wickepin Football Club Honour Boards from the Wickepin Hotel to the Wickepin Community Centre with all costs being borne by the Wickepin Football Club and that council advises the Wickepin Football Club that council takes no liability for any damage sustained to the Wickepin Football Club Honour Boards.

10.2.09 – Application for Planning Consent: Independent Living Units at Lot 1 (No. 23) Johnston Street, Wickepin

Submission To:	Ordinary Council
Location / Address:	Lot 1 (No. 23) Johnston Street, Wickepin
Name of Applicant:	KBuilt Constructions Pty Ltd
File Reference:	A5123
Author:	David Johnston, Planning Officer, Shire of Narrogin
Disclosure of any Interest:	Nil
Date of Report:	14 October 2020

Enclosure/Attachments:

- Attachment 1 – Planning Application
- Attachment 2 – Cover Letter
- Attachment 3 – Site Plans, Floor Plans and Elevations
- Attachment 4 – R-Codes Assessment Checklist

Summary:

Council's consideration is requested in regards to the Application for Planning Consent for Independent Living Units at Lot 1 (No. 23) Johnston Street, Wickepin.

Background:

On 2 September 2020, the Shire of Wickepin received an application from KBuilt Construction who is acting on behalf of the Shire of Wickepin for the construction of four Independent Living Units at Lot 1 (No. 23) Johnston Street, Wickepin.

The four units are the first of a potential twelve units that are marked out on the site plan. Further units can be constructed if demand requires. The design and layout for these units has not been confirmed.

Comments:

Zoning

Under the Shire of Wickepin Local Planning Scheme No. 4, Lot 1 (No. 23) Johnston Street, Wickepin is zoned 'Town Centre'. The objectives of the 'Town Centre' zone are:

- To provide for a consolidated, accessible, safe and vibrant town centre with a mix of compatible uses.
- To protect, maintain and enhance where possible the visual and heritage elements of the town.
- To maintain the attractive features of a rural town lifestyle.

The Independent Living Units are defined as grouped dwellings. A grouped dwelling in the 'Town Centre' zone is a 'D' use which means;

“that the use is not permitted unless the local government has exercised its discretion by granting development approval”

Under the 'Development Table – General' the requirements are as determined by local government. The proposed Independent Living Units have been assessed against the R25 density code in the attached Assessment checklist as this has been used for similar grouped dwelling developments in other nearby towns including Narrogin and Katanning. The proposal does not exceed the maximum plot ratio of 0.8.

Variations

The application is seeking an exemption to locate two visitor bays within the verge space instead of within the lot boundary. The architect has stated that location of parking along the street reduces traffic within the development and formalises existing off-street parking occurring on the verge. Additionally, the applicant will be contributing a concrete footpath along Johnston Street connecting the development to the visitor bays, new gym equipment and civic spaces on the corner of Johnston and Campbell Streets.

Facilities

The proposed Independent Living Units include a community garden for use of the residents. The proposal is also on the same lot as a gazebo, large public car park, playgroup and outdoor gym equipment. Additionally, the Road Board Hall, War Memorial and Wickepin Health Centre are located adjacent to the development.

Consultation:

A Grouped Dwellings in the Town Centre is a 'D' use. The application requires Council's discretion but advertising is not required.

Statutory Environment: Shire of Wickepin Local Planning Scheme No. 4

Policy Implications: Nil

Financial Implications:

An application for planning consent fee of \$3756 has been paid to the Shire of Wickepin.

Strategic Implications: Nil

Recommendations:

1. That with respect to the Application for Planning Consent for Independent Living Units at Lot 1 (No. 23) Johnston Street, Wickepin, Council support the proposed variation of locating visitor parking on the verge of Johnston Street as per the attached plans.
2. That with respect to the Application for Planning Consent for Independent Living Units at Lot 1 (No. 23) Johnston Street, Wickepin, Council grant planning approval subject to the following conditions:

Preparations are underway for the Picnic Celebration marking 20 years since the Albert Facey house was relocated from farmland south of Wickepin into the main street of Wickepin.

The house has since been lovingly restored by the local volunteer group of people and displayed regularly to visitors to Wickepin. This commendable effort has enabled a piece of local history to be on show to the public and accessible to those interested in by-gone eras and local history.

Alongside of the Facey House Picnic there will also be displays of photographic history of our shire set up by the Wickepin History Group and other attractions to celebrate this 20 year milestone.

Photo taken 1986 on Original Site by J.A.Russell (nee Watts)

Congratulations to retired Councillor Gerri Hinkley for receiving the award of "Long and Loyal Service" presented at the recent WALGA AGM held at the Perth Convention Centre, recognising her 12 years of service as a Councillor for our shire.

The first reminder of the up-coming bushfire season has been forthcoming in a bushfire at the Railway Reserve on 1 October that required the management and assistance of the local Wickepin Bush Fire Brigade Volunteers and units, shire staff and resources in order to extinguish the blaze and secure the area.

Unfortunately, the damage to the bushland and local flora and fauna is now marked and is a reminder to all of the unsightly, and sometimes permanent, damage that bushfires can cause.

With the commencement of the Restricted Burning Period I would remind everyone to remain vigilant in the up-coming bush fire season, especially with the drying conditions and heavy fuel loads in places.

I wish all of our volunteer Bushfire Officers and Firefighters, and our volunteer Ambulance crews a safe season.

Wheatbelt Secondary Freight Network

Shire of Brookton President Katrina Crute has forwarded the following email for council's information in relation to the Wheatbelt South Freight Network Project.

A bit of an update on the WSNF 20/21 release of funding. After much work between the WSNF Steering Committee, Main Roads WA and the WA State Government (Minister Saffioti) all of the relevant paperwork is with the Federal Government and we have been advised that the release of funds for this year has been given the highest priority. The WSNF Steering Committee has been lobbying the relevant agencies to expedite this process and explain the frustrations of the local governments, it has been extremely exasperating to say the least. The good news is that we are hoping to have the release of funds in the next week or two and we will continue to lobby to ensure the timely release of the funds. I thank everyone for their patience in this process and share in everyone's desire for a very swift resolution. If you have any queries regarding this matter then please feel free to email me. As you may also be aware last Monday the Federal Government announced an additional \$80m for the Wheatbelt Secondary Freight Project, this is under the same funding conditions as the previous \$70m announced last year, and that is the State has to match the funding with 20% so that's a total of \$100m to continue with the project. I can honestly tell you we had no idea the announcement would be made, so we were as shocked as everyone else, but what it does show is that enormous work done by everyone involved in the WSNF Project over the past 6 or so years, including all of you, has put us in a position where when the Feds were looking for a project to help drive economic growth they didn't need to hesitate. We don't know what this looks like, but the Steering Committee will be having a meeting in the coming weeks to establish how far down the Priority List we believe this funding will stretch. Then the conversations with LGs about capacity to deliver will begin, because the timeframe will most likely be 4-6 years for the additional \$100m. So please, thank your staff & your Councillors for their commitment to the project, because I believe our ability to demonstrate that 42 LGs can work together to deliver outcomes to our communities and the region as a whole has helped put us on the National map.

The Shire of Wickepin has the Cuballing East Road and the Fence Road under the Wheatbelt South Freight Network Project.
