10.1.02 – WBS RRG Chairperson Honorarium

Submission To:	Ordinary Council
Location / Address:	Whole Shire
Name of Applicant:	WBS Regional Road Group
File Reference:	RD.MEE.2609
Author:	Mark J Hook, Chief Executive Officer
Disclosure of any Interest:	Nil
Date of Report:	30 August 2017

Enclosure / Attachment: Nil

Background:

The following resolution was passed at the Wheatbelt South Regional Road Group Meeting held in Wickepin on the 9 August 2017:

That the WBS RRG Chairperson be paid an Honorarium of \$1,800 per year.

Comment:

Following are the reasons presented by the Shire of Cuballing to the WBS Regional Road Group meeting regarding the Honorarium for the Chairperson of the WBS Regional Road Group:

The Chairperson of the Wheatbelt South Regional Road Group (WBS RRG) is a time consuming, volunteer role that delivers significant outcomes for members of the WBS RRG.

The role will always be additional to the considerable activities required as a Councillor of a member Shire.

The role of Chairperson of the WBS RRG requires:

- *attending and chairing 2 or 3 WBS RRG meetings per year;*
- *attending and chairing 2 or 3 WBS RRG Technical Group meetings per year;*
- *attending and representing the WBS RRG at an annual meeting of all RRG Chairs;*
- *actively participating and represent the WBS RRG in projects such as the Secondary Freight Network project; and*
- *prepare and present a report on WBS RRG activities to 5 Central Country Zone Meetings each year.*

An Honorarium is not expected to cover the full cost to the recipient but be a recognition for the effort completed and a contribution to the expense of completing the activities required.

The honorarium of \$1,800 per year represents a contribution of \$100 per year from each WBS RRG member Council.

Without the WBS RRG having financial capability, it is envisaged that the WBS RRG member Councils could pay an invoice from the Shire of which the WBS RRG is a Councillor. The Shire

of which the WBS RRG Chairperson is a Councillor could then pay the WBS RRG Chairperson through their Elected Member payment system.

The current chair of the WBS Regional Road Group is President Cr Lynnette Baker from the Shire of Corrigin. Council has received the following invoice from the Shire of Corrigin in the amount of \$100 for payment of the Shire of Wickepin’s contribution to the Honorarium for the Chairperson of the WBS Regional Road Group:

SHIRE OF WICKEPIN
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 31 August 2017

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this statement are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Critical Accounting Estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

(b) The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in this statement.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 12.

(c) Rounding Off Figures

All figures shown in this statement are rounded to the nearest dollar.

(d) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

(e) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable.

The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 31 August 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

(g) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

(h) Inventories

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land Held for Resale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

(i) Fixed Assets

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead.

Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 31 August 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Depreciation of Non-Current Assets

All non-current assets having a limited useful life are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation rates and periods are:

Buildings	30 to 50 years
Furniture and Equipment	4 to 10 years
Plant and Equipment	5 to 15 years
Roads	20 to 50 years
Footpaths	20 years
Sewerage Piping	100 years
Water Supply Piping and Drainage Systems	75 years

(k) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

(l) Employee Benefits

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs.

(ii) Annual Leave and Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

SHIRE OF WICKEPIN
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 31 August 2017

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(m) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

(n) Provisions

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

(o) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

Department of Veterans’ Affairs Community Commemorative Grant ‘Saluting their Service’

Shire of Wickepin Townscape and Cultural Planning Committee, with funding support from the DVA – Anzac Centenary Local Grants Program, erected a memorial in 2015 to honour those community members who fell during WW1.

The Shire was fortunate to have the support of local historian, Stefanie Green, who volunteered the research necessary to determine the fallen, including all their regimental details. There are 89 soldiers honoured. The Memorial has generated enormous interest from the community and greater public.

Townscape and Cultural Planning Committee would like to further the research into the fallen and all those who enlisted from the Wickepin District. Those soldiers killed during or as a result of their war service would have their stories told providing them with a voice and a face. Townscape Committee would like to see the stories of the fallen encompass the servicemen and women from WW2, Korea and Vietnam and also provide information on all the soldiers who enlisted from the district to fight in these conflicts. This holistic approach would provide a comprehensive record of the Wickepin District’s contribution to shaping our nation. The sacrifice and service of all

servicemen and women will be historically recorded leading to a greater community appreciation and understanding of the role the soldiers played for their country. Incidental details, community connections and family histories will be recorded.

There are over 100 stories to be written of those who paid the ultimate price through service and sacrifice in WW1 and WW2. 260 soldiers enlisted in WW1 and a further 230 soldiers enlisted from WW2 onwards. Once the research has been completed the Shire of Wickepin will display the results for the public to view at our 2018 Centenary Anzac Day celebrations. Additionally, the Shire with support from the History Group will publish a local war history book based on this research.

The research required for this project is estimated at 300 hours. Stefanie Green is happy to provide, and has already provided, volunteer time but the hours required deserve some recompense. Skilled volunteers from the History Group and Townscape and Cultural Planning Committee will assist with editing of the stories.

Department of Veterans' Affairs (DVA) has small Community Commemorative Grants available. The CDO has submitted a grant request to DVA under the 'Saluting their Service' grant guidelines.

Enterprising Communities Regional Development Australia Wheatbelt

Background

Regional Development Australia Wheatbelt (RDAW) called for expressions of interest to host film nights and community meetings with the aim of encouraging Wheatbelt Communities to develop community enterprises. The objective of the program is to encourage a culture of community enterprise development and innovation – working towards cohesiveness and self-reliance within the community independent of government/shire funding.

Action

The most constructive approach will be to host the film/forum sessions in Harrismith, Yealering and Wickepin separately and to engage the stakeholders in each community who are actively involved in the betterment of their communities. The opportunity created by hosting the individual movie/forum nights, with the guidance of the facilitator, will provide the towns with support in clarifying and defining their purpose and goal.

The format for the evening sessions will be the viewing of a series of movies RDAW has produced showcasing a range of successful community enterprises and in particular their community motivation, organisation and management and how this translated to successful outcomes. Group discussion and ideas will follow with the facilitator. Shire has a small amount in the grant funding to provide refreshments. Follow-up meetings with the facilitator will be organised to consolidate ideas.

Pip Gooding has been engaged as the facilitator to lead the communities of Wickepin, Yealering and Harrismith/Tincurrin in this series of movie/forum sessions. Pip has a background in working for the Wheatbelt Development Commission and has first-hand knowledge in community engagement and sustainable small communities and towns.

The first session is booked for Yealering on the 10 October with dates yet to be set for Harrismith/Tincurrin and Wickepin.

10.2.05 – Government Regional Officers' Housing (GROH) Program

Submission To:	Ordinary Council

Background:

GROH wishes to negotiate with Council for the provision of a suitable 4 bedroom 2 bathroom dwelling with a separate living area in Wickepin on a long term basis for the use and occupation of the Education Department under the GROH Program on a 9 year lease with a 1 year option.

The Chief Executive officer has received the following email from Matthew Meyers, Program Manager, Housing Programs, Housing, Department of Communities

Thanks for speaking with me earlier today and confirming your willingness to entertain building a dwelling for a long term leaseback under the Government Regional Officers' Housing (GROH) Program. The Housing Authority is seeking feedback from the Council on its capacity to build a 4 bedroom 2 bathroom home in Wickepin for the use and occupation of the Education Department under the GROH Program on a 9 year lease with a 1 year option. A cost rent can be negotiated on the build to allow the Shire to recoup costs associated with the acquisition of land and building. Should the Shire have existing suitable and appropriate existing owned housing stock in Wickepin, we would also be happy to consider this option.

Below I have provided an outline of the process when an investor wishes to lease on a long term basis.

Stage 1 - *If GROH has a requirement for this type of housing then the owner will be required to supply the terms, conditions and the proposed address. If these are satisfactory then a floor plan is required. The floor plan will be assessed for compliance with room sizes, the GROH design brief and specification. The location (address) rental information and any variance from GROH standards will be referred to the departments for their consideration and approval.*

Stage 2 - *When GROH and the client department are satisfied with the floor plan, term, conditions and the location of the proposed house then agreement in principle will be provided by GROH. This is only an agreement in principle and is conditional upon the owner supplying the following to the satisfaction of GROH before an "Agreement to Lease" will be drawn up:*

- 1. The site plan for the selected lot.*
- 2. External elevation drawings showing all four sides of the house.*
- 3. Internal elevations for the kitchen, bathroom, ensuite and laundry.*
- 4. Floor plan.*
- 5. Electrical plan.*
- 6. Wardrobe, linen and broom cupboard details.*

7. GROH specification and design brief, current at that particular time will be included in the documentation.
8. Any agreed variations from the design brief / specification will be documented

If GROH and the owner cannot reach agreement with this proposal at this point, then there will be no obligation on either party to proceed and the proposal will lapse.

Stage 3 - Once the owner has supplied the required details and they are approved by GROH then an "Agreement to Lease" document will be signed by GROH and the owner. The following documentation will be included in this agreement:

1. Finalised site plan for the selected lot
2. Finalised external elevation drawings showing all four sides of the house.
3. Finalised internal elevations for the kitchen, bathroom, ensuite and laundry.
4. Finalised floor plan.
5. Finalised electrical plan.
6. Finalised wardrobe, linen and broom cupboard details.
7. The GROH specification and design brief upon which the agreement is based will be included in the documentation.
8. Any agreed variations from the GROH design brief / specification.

Stage 4 - Upon completion of the dwelling a representative of GROH will be required to inspect the property to verify that it is complete and meets the specified requirements. If this is the case the property will be accepted and the lease will commence from this date.

In addition I have provided the links to our design specification South and an Expression of Interest form.

Our preference would be for a 4 bedroom 2 bathroom dwelling with a separate living area.

Appreciate your feedback on the Shire of Wickepin's capacity to provide housing in Wickepin to meet this need. I understand that you will seek advice at the Shire's next meeting in September 2017 to gauge its interest of entering into this type of arrangement.

Comment:

It is the understanding of the Chief Executive Officer that there is currently a need for housing in Wickepin for teachers currently working at the Wickepin and Yealering Schools.

The issue for Council is that does the Shire of Wickepin use its financial resources to fund a State responsibility at the detriment to staff housing requirements.

If the Shire of Wickepin was to look at this proposal the cost of the construction of a suitable house in Wickepin would be around \$450,000 to \$500,000. Council could either use their reserve fund which currently has a balance of \$483,980, or it may wish to borrow the money from the Treasury which would be as follows. This equates to approximate loan repayments of \$60,250 per year for ten years.

Borrower:		
Interest Rate:	3.77%	Quarterly compounding
	0.94%	
* These rates do not include the government guarantee fee.		
Date of Advance:	21 October 2017	
Term (yrs)	10	Years
Maturity Date:		
Amount of Advance:	\$500,000.00	
Schedule Basis:	40	
Payments per year	4	Quarterly compounding
Total interest	\$102,483.09	
Total capital	\$500,000.00	
Total combined	\$602,483.09	

The main argument for not supporting such a venture is that the State Government is abrogating its responsibility for State Housing, for its employees to Local Governments and communities such as Wickepin.

I am sure that the support for the Wickepin School is a major element in any future Shire of Wickepin Community Strategic and Corporate Plans but such a request will stretch council's current reserves and staff housing resources.

Council will require funds in the near future for the replacement of its ageing housing stock, as the current Works Manager house will need to be either disposed of or a new one constructed in the near future, if Council is going to be able to compete in the workforce market for future works managers.

Statutory Environment: Nil

Policy Implications: Nil

Financial Implications:

Loan repayments of \$60,250 per annum for ten years or a building reserve balance of \$00.00 if Council utilises its current building reserve funds.

Strategic Implications: Nil

Summary:

The Shire of Wickepin is being requested to finance the construction of a suitable 4 bedroom 2 bathroom dwelling with a separate living area in Wickepin on a long term basis for the use and occupation of the Education Department under the GROH Program on a 9 year lease with a 1 year option.

Recommendation:

That the Shire of Wickepin advise Mr Matthew Meyers, Program Manager, Housing Programs, Housing, Department of Communities that Council is not in a position to fund the construction of a suitable 4 bedroom 2

bathroom dwelling with a separate living area in Wickepin on a long term basis for the use and occupation of the Education Department under the GROH Program on a 9 year lease with a 1 year option at this moment in time.

The quotations received from Exurban and RPS Australia East Pty Ltd is only for Town Planning services and do not cover the Health and Building services also required after the Resignation of Mr Allan Ramsay.

Exurban and RPS have all the credentials and staff to undertake the Planning Services for the Shire of Wickepin but with the Shire of Narrogin offering all the services it should allow for a cross reference to all projects between Health Building and Planning.

The Shire of Narrogin services covers all of the items covered under the RFQ1 2017/2018 and includes all the Health Building and Town planning services required by the Shire of Wickepin. The Certified Building Surveyor that the Shire of Narrogin contract to sign off Uncertified building applications is as follows.

Hayley Fegan, Fegan Building Surveying, P.O Box 1007, Northam WA 6401

The cost for this under the RFQ1 2017/2018 is \$340.00 GST Exclusive.

Council's current fees and charges for Building Permits are as follows:

Applications for building permits and demolition permits	
Certified application for a building permit (s.16(1))	For building work for a Class 1 or Class 10 Building or incidental structure the fee is 0.19% of the estimated value of the building work as determined by the relevant permit authority, but not less than \$96.00
	For building work for a Class 2 to Class 9 building or incidental structure the fee is 0.09% of the estimated value of the building work as determined by the relevant permit authority, but not less than \$96.00
Uncertified application for a building permit (s.16(1))	The fee is 0.32% of the estimated value of the building work as determined by the relevant permit authority, but not less than \$96.00

Council will need to amend its fees and charges if it accepts the Shire of Narrogin offer to the following:

Applications for building permits and demolition permits	
Certified application for a building permit (s.16(1))	For building work for a Class 1 or Class 10 Building or incidental structure the fee is 0.19% of the estimated value of the building work as determined by the relevant permit authority, but not less than \$340.00
	For building work for a Class 2 to Class 9 building or incidental structure the fee is 0.09% of the estimated value of the building work as determined by the relevant permit authority, but not less than \$340.00
Uncertified application for a building permit (s.16(1))	The fee is 0.32% of the estimated value of the building work as determined by the relevant permit authority, but not less than \$340.00

After evaluation, the Chief Executive officer recommends the Request for Quotation from the Shire of Narrogin as it covers all the requirements for the Shire of Wickepin.

The Shire of Narrogin is offering the following staff to the Shire of Wickepin to undertake the services as requested within RFQ 1 2017/2018:

Background:

The Financial Management Review undertaken by Yvonne Bowey Consulting in October 2016 identified an inconsistency in the policy relating to the presentation of the draft Annual Budget to Council and adoption.

The current financial reporting policy indicates that the draft Annual Budget shall be presented to the June Council meeting and adopted by July Council meeting. In practice the draft budget has been presented to the July Council meeting and adopted at the August Council meeting.

Policy 3.1.17.2 Monthly Financial Reporting has a scale for reporting material variances, which slightly varies from the Material Variance Reporting threshold adopted in August as part of Annual Budget adoption. The policy needs to be amended to state that the Material Variance Reporting threshold is adopted annually as part of the Annual Budget.

References to annual financial reporting sections of the Local Government (*Financial Management*) Regulations 1996 are not required as these are statutory and not policy requirements.

Comment:

Policy 3.1.17 was not amended when Policy Manual was adopted in March 2017 and still refers to budget adoption in July.

3.1.17.2 Financial Reporting Policy was not amended when Policy Manual was adopted in March 2017 and still refers to material variances.

Summary:

Council is being requested to adopt the amended Financial Reporting Policy to correct inconsistencies with current practice.

Recommendation:

That Council adopt the amended Financial Reporting Policy as follows:

3.1.17 FINANCIAL REPORTING

OBJECTIVE: Provide clear parameters in relation to financial reporting.

3.1.17.1 ANNUAL BUDGET

A draft budget shall be presented to Council for consideration by the ~~June~~ **July** Council meeting of each year.

The CEO shall ensure that the preparation and content of the annual budget ensures Council complies with all aspects of the Act and Local Government (Financial Management) Regulations 1996 (WA).

The Shire of Wickepin annual budget shall be adopted by Council at the ~~July~~ **August** Council meeting of each year.

3.1.17.2 MONTHLY FINANCIAL REPORTING

The CEO shall ensure a monthly statement of financial activity complies with all aspects of the Act and Local Government (Financial Management) Regulations 1996 (WA).

The material variance for monthly reporting to council shall be set as part of the adoption of the Annual Budget.

~~Council adopts the following scale of dollar values for reporting of material variances in accordance with Section 35(5) of the Local Government (Financial Management) Regulations 1996 (WA).~~

Budget Value Scale	Actual Variance Trigger Value
\$0 to \$10,000	\$1,000
\$10,000 to \$50,000	\$2,500
\$50,000 and greater	\$5,000

3.1.17.3 ANNUAL FINANCIAL REPORTING

The CEO shall ensure that an Annual Financial Report of Council is completed and audited by no later than 30 October of each year.

~~As per Section 34 and 35 (deleted 2005) of the Local Government (Financial Management) Regulations 1996 (WA), Council is to adopt the required financial reporting method they desire.~~

Background:

Council has received a Planning Application from Susanne Bond of 45 Sewell Street Yealering WA 6372 to utilise the premises at Lot 74 45 Sewell Street Yealering WA 6712 for a dog washing and grooming business.

Figure 1 Map Showing residence at Lot 74, 45 Sewell Street Yealering (outlined in yellow)

Comment:

Council dealt with this matter as a temporary planning approval back in December 2016 and the comments received from the then Council contract Town Planning Service Land Vision (Trevor Moran) was as follows:

Extract of email received 8 December 2016.

It could be approved as either a home business or a home occupation both of which are A uses in the residential zone and require advertising. Another option is to provide temporary approval under clause 10.6.

Lot 74 45 Sewell Street Yealering under Councils Town Planning Scheme 4 is Zoned Residential.

Following is Councils Zoning Table as shown in Shire of Wickepin LPS4:

4.1 Zoning Table

4.1.1 The Zoning Table indicates, subject to the provisions of the Scheme, uses permitted in the Scheme area in the various zones. The permissibility of any uses is determined by cross-reference between the list of use classes on the left hand side of the Zoning Table and the list of zones at the top of the Zoning Table.

4.1.2 The symbols used in the cross reference in the Zoning Table have the following meanings –

- ‘P’ means that the use is permitted by the Scheme providing the use complies with the relevant development standards and the requirements of the Scheme;
- ‘D’ means that the use is not permitted unless the local government has exercised its discretion by granting planning approval;
- ‘A’ means that the use is not permitted unless the local government has exercised its discretion by granting planning approval after giving special notice in accordance with clause 9.4;
- ‘X’ means a use that is not permitted by the Scheme.

The planning application from Susan Bond of Lot 74, 45 Sewell Street Yealering is for the running of a home business for dog washing and grooming.

It is the view of the Chief Executive Officer that Council accept this application as a home business which is a permitted use under the LPS4 as long as Council has advertised the planning application allowing for submissions to be submitted to Council prior to making a decision on the received planning application.

When considering planning applications council needs to consider the objectives of the Shire of Wickepin LPS4

The objective of the Residential Zone under LPS4 is as follows.

(a) Residential Zone

- To provide for a range of housing choice with high level of amenity in residential
- Areas and which reflects a rural lifestyle.

Home Business is outlined in the Shire of Wickepin LPS number 4 as follows:

5.16 Home Occupation/Home Business/Home Office

5.16.1 A planning approval is not required to conduct a home office as defined in the Scheme.

- 5.16.2 Where Council issues an approval to conduct a home occupation or a home business, the approval relates to a specific occupier of a particular parcel of land. It shall not be transferred or assigned to any other person, and shall not be transferred from the land in respect of which it was granted. Should there be a change in the occupier of the land in respect of which a home occupation or home business approval is issued, the approval is cancelled.
- 5.16.3 If in the opinion of the Council, a home occupation or home business is causing a nuisance or annoyance to owners or occupiers of land in the locality, the Council may rescind the approval.
- 5.16.4 An approval to conduct a home occupation or home business is issued subject to an annual permit which may be renewed by application to the Council for planning approval.
- 5.16.5 In considering an application for home occupation or home business Council will have regard for the provisions of Council's Local Planning Policy - Home Occupation/Home Business.

“home business” means a business, service or profession carried out in a dwelling or on land around a dwelling by an occupier of the dwelling which –

- (a) does not employ more than 2 people not members of the occupier's household;
- (b) will not cause injury to or adversely affect the amenity of the neighbourhood;
- (c) does not occupy an area greater than 50 square metres;
- (d) does not involve the retail sale, display or hire of goods of any nature;
- (e) in relation to vehicles and parking, does not result in traffic difficulties as a result of the inadequacy of parking or an increase in traffic volumes in the neighbourhood, and does not involve the presence, use or calling of a vehicle more than 3.5 tonnes tare weight; and
- (f) does not involve the use of an essential service of greater capacity than normally required in the zone;

“home occupation” means an occupation carried out in a dwelling or on land around a dwelling by an occupier of the dwelling which –

- (a) does not employ any person not a member of the occupier's household;
- (b) will not cause injury to or adversely affect the amenity of the neighbourhood;
- (c) does not occupy an area greater than 20 square metres;
- (d) does not display a sign exceeding 0.2 square metres;
- (e) does not involve the retail sale, display or hire of goods of any nature;
- (f) in relation to vehicles and parking, does not result in the requirement for a greater number of parking facilities than normally required for a single dwelling or an increase in traffic volume in the neighbourhood, does not involve the presence, use or calling of a vehicle more than 2 tonnes tare weight, and does not include provision for the fuelling, repair or maintenance of motor vehicles; and
- (g) does not involve the use of an essential service of greater capacity than normally required in the zone;

The service provided by Susanne Bond is a well utilised service and is a required service for small communities such as the Shire of Wickepin. The support of this business shows that the Shire of Wickepin promotes and supports the retention of local business within its boundaries.

The Chief Executive Officer does utilise the services of the dog washing and grooming business for his two dogs at 19 Moss Parade on a Bi Monthly basis.

Sue Bond requested temporary approval for the dog wash business back in December 2016 where council passed the following decision.

Resolution No 211216-14

Moved Cr Lang / Seconded Cr Allan

That Planning approval be granted to Susann Bond of 45 Sewell Street Yealering to operate a dog washing grooming business at Lot 74 Sewell street Yealering WA 6712.

With the following conditions being imposed:

- 1 No more than three customer vehicles to be parked on road verge at 45 Sewell Street Yealering WA 6372 any given time.
- 2 No more than four customers' dogs (being washed or groomed) to be on the premises at any given time.
- 3 All dogs being groomed to be licenced and micro chipped with the relevant Local Authority.
- 4 Planning approval only granted to the 30th June 2017.

Carried 8/0

Council has not received any complaints from any neighbours or persons in the Shire of Wickepin during the temporary approval but Council approval ran out on the 30 June 2017.

Council at the 16 August 2017 Council passed the following resolution:

Resolution No 160817-23

Moved Cr Lang / Seconded Cr Allan

That Council advertise the planning application from Susann Bond of 45 Sewell Street Yealering to operate a dog washing grooming business at her property located at Lot 45 Sewell street Yealering WA 6712 in line with Section 9.4.3 (b) of the Shire of Wickepin LPS 4.

The Chief Executive Officer as per LPS4 section 9.1.3 advertised the proposed development in the Narrogin Observer and the Watershed News outlining the proposed development and requesting submissions.

SHIRE OF WICKEPIN

PLANNING AND DEVELOPMENT ACT 2005
TOWN PLANNING SCHEME NO.4

PROPOSED DOG WASHING AND GROOMING BUSINESS

Notice is hereby given that the local government of the Shire of Wickepin has received an application for a dog washing and grooming business, to operate from Lot 74 Sewell Street Yealering WA 6372.

Supporting information relevant to this proposal is available for viewing at the Shire Offices during normal office hours. Any enquires regarding this proposal should be directed to the Chief Executive Officer Shire of Wickepin PO Box 19 Wickepin WA 6370.

Submissions on the proposal must be made in writing and lodged with the undersigned on or before 4.00pm Friday 15th September 2017.

MARK HOOK
CHIEF EXECUTIVE OFFICER

The following figures all the submissions received up to the 15th September 2017.

From the submissions received none required any further information from the applicants:

Comment:

The Harrismith hall as shown on the above map is currently Zoned Rural Townsite.

The Rural Townsite Zone under Council Local Planning Scheme Number 4 states

Rural Townsite Zone

- To provide for a consolidated, accessible, safe and vibrant Townsite with a mix of compatible uses that may be found in a small country town.
- To protect, maintain and enhance where possible the visual elements of the town particularly it's rural setting and character.
- To protect the residential amenity of the town from commercial or industrial uses.
- To provide for the protection of the natural environment.

The Zoning Table within Council Local Planning Scheme number 4 Zoning Table indicates, subject to the provisions of the Scheme the uses permitted in the Scheme area in there various zones. The permissibility of any uses is determined by cross-reference between the list of use classes on the left hand side of the Zoning Table and the list of zones at the top of the Zoning Table. The symbols used in the cross reference in the Zoning Table have the following meanings –

- 'P' means that the use is permitted by the Scheme providing the use complies with the relevant development standards and the requirements of the Scheme;
- 'D' means that the use is not permitted unless the local government has exercised its discretion by granting planning approval;
- 'A' means that the use is not permitted unless the local government has exercised its discretion by granting planning approval after giving special notice in accordance with clause 9.4;
- 'X' means a use that is not permitted by the Scheme.

The allowing of a shop in the Harrismith Hall is a permitted use under the Zoning Table. Providing the use complies with the relevant development standards and the requirements of the Scheme;

The use of the Harrismith Hall as a shop fits well within the definition as defined under the Rural Town Zone so Council can continue to allow the Harrismith Hall to be used as a Shop.

Council set the fees for the previous lease at \$10 per Week for the whole three year period.

Statutory Environment:

- Local Planning Scheme Number4
- Lease Agreement with Mrs Dawn Jones

Policy Implications: Not applicable.

Financial Implications: Raised income for amount hall is leased.

Strategic Implications: Not applicable.

Summary:

Federal Assistance Grants

Council has been advised that the 2017/2018 Financial Assistance Grants have been formally approved. The overall FAG allocations for WA has decreased since the notional allocations were advised in June 2017 due to an adjustment by the Commonwealth in the population used to determine the allocation of funds to the States for distribution. WA share of the final total funding pool available for 2017/2018 is \$280,832,326 of this \$169,524,411 is General Purpose Funding and \$111,307,915 is Local Road Funding. A full copy of the letter received from the Department of Local Government Sport and Cultural Industries is in Councils Information Bulletin.

The new 2017/2018 FAG allocation for the Shire of Wickepin is as follows:

03	OTHER PURPOSE GENERAL INCOME		Budget 17/18	Advised Actual 17/18
	OPERATING INCOME			
0181	Grants Commission General Purpose		(442,492)	(476,833)
	2017/2018 Allocation 100%	950,035		
	Advanced Payment 2017/2018 Allocation	507,543		
	2017/2018 Allocation less advanced 16/17	442,492		
	17/18	950,035		
0201	Grants Commission General Purpose - Roads		(222,810)	(231,974)
	2017/2018 Allocation 100%	495,189		
	Advanced Payment 2017/2018 Allocation	272,379		
	2017/2018 Allocation less advanced 16/17	222,810		
	17/18	495,189		

This means a difference from budgeted to actual is an increase of \$43,505. The Chief Executive will make the necessary adjustments over the next financial year and this will be shown in the Budget review to be undertaken in March 2018.

Living Lakes

The Request for Quote (RfQ) for the appointment of a contractor to deliver Stage 3 of the Living Lakes project was advertised Saturday 26 August 2017. The RfQ open period is being managed by WALGA and will close at 2pm Thursday 28 September 2017. The RfQ is being formally advertised in The West Australian, the Narrogin Observer, the Great Southern Herald and Tenderlink. It is being promoted through other Wheatbelt NRM communication methods.

Town Planning Services

Mr Trevor Moran of Landvision has advised the CEO by the following email that the business will be closing down.

Landvision is about to close down and my business partner and I intend to work separately from home. However in view of you seeking re-registration it may be an appropriate time to terminate our engagement. I have enjoyed working with you and your predecessors over the years and wish you well in the future. I can pass on my files to you when convenient or to my successor.

The CEO has advertised the required Planning services for the Shire of Wickepin as part of the Health and Building services tender.

Hon Rick Mazza MLC, Member for Agricultural Region

The Hon Rick Mazza MLC, Member for Agricultural Region recently asked questions in the Legislative Council regarding the impact of CBH's grain route strategy and its impact on local roads and the funding to LG for roads in the coming financial year.

Following is an extract of Hansard for Councils information:

GRAIN TRANSPORT—LOCAL GOVERNMENT FUNDING

527. Hon RICK MAZZA to the minister representing the Minister for Transport:

Due to an expected reduction in this year's grain harvest, CBH Group has closed 98 of its 198 grain bins and, as a result, many producers will be required to transport grain over longer distances to a reduced number of silos. Many of the remaining silos will experience large increases in the number of vehicle movements.

- (1) Is the minister aware of the likelihood of the greater impact on the condition and deterioration of some local roads?*
- (2) If yes, has the minister identified the roads most likely to be affected?*
- (3) Given that the local government authorities have been advised that their road grants are to be reduced as a result of campaigning against vehicle licensing and stamp duty exemptions, how will local councils be funded to maintain roads impacted by an increase in grain haulage vehicles?*

Hon STEPHEN DAWSON replied:

I thank the honourable member for some notice of the question.

- (1)–(2) CBH released a network strategy in 2016. Main Roads Western Australia will continue to liaise with CBH in monitoring the impact of its strategy on regional roads.*
- (3) There will be an increase in local road grants in 2017–18 compared with grants in 2016–17.*

CBH

The CEO received the following email from Rob Dickie Government and Industry Relations Advisor CBH Group:

I'm writing to advise that arbitration hearings between CBH and Arc Infrastructure (formerly Brookfield Rail) have commenced this week. This is the culmination of CBH's efforts over the past four years to achieve fair pricing and conditions for growers to access Western Australia's grain freight rail network. During these hearings, which are expected to last about two to three

weeks, CBH and Arc Infrastructure will present arguments to an independent arbitrator about the price and terms of rail access.

The outcome of the arbitration could significantly impact CBH's future freight operations, and accordingly I have provided some information below to give background and context to the proceedings. However, arbitration is highly confidential and associated obligations mean that CBH will be unable to discuss any further details or progress publicly. Background of rail discussions

- The WA State Government owns the Western Australian rail freight network and associated infrastructure. In 2000, the Government offered a 49-year lease over those lines and associated infrastructure and Brookfield Rail (now Arc Infrastructure) ultimately came to control the lease in 2008.
- In 2012, CBH took delivery of our fleet of custom designed grain rolling stock as we recognised that owning a rail fleet represented an opportunity to further reduce paddock to port costs for growers and to more efficiently meet the shipping demands of customers. In 2012, CBH also signed an interim agreement which gave us access to the railway lines and infrastructure, and enabled us to put our new fleet of rolling stock to work.
- In 2013, CBH sought to negotiate a long-term agreement for rail access. After months of negotiations without a sustainable access outcome for WA growers, CBH entered into the process of seeking rail access under the Railways (Access) Code 2000, administered by the Economic Regulation Authority (ERA).
- This process has been long, drawn out and frustrating, and has created uncertainty for WA growers and regional communities. Since the 2012 interim agreement, CBH has signed a further five interim access agreements as we have been unable to reach a sustainable and fair price agreement for long term rail access.

What is CBH seeking through a new access agreement?

- CBH is seeking a sustainable, price competitive, performance-based agreement. This is critical to providing the most cost-effective pathway to port for our growers, who sell their grain into an increasingly competitive international market.
- In WA, we pay the highest rail access fees in Australia – significantly more than what growers on the east coast pay. Controlling increases in fees and keeping rail lines well maintained, hence ensuring good rail freight performance, is central to the negotiations with Arc Infrastructure.
- Currently, CBH is able to move approximately eight million tonnes of grain by rail each year, which equates to about 60 per cent of our shipped tonnes. The cost of below rail access makes up 50 per cent of our rail freight costs.
- It's important to note that with an appropriate access agreement – with the right price and performance parameters – rail is the most efficient way to move grain to port.

Wheat Belt South Aged Housing Alliance

A meeting of the Wheat Belt South Aged Housing Alliance (WSAHA) was held at Wickepin on the 122 September 2017 in the Shire of Wickepin Council Chambers. The meeting discussed the formal confirmation from the Department of Primary Industries and Regional Development that the funding for the WSAHA project had not been approved in the State Budget and the signed FAA would not be progressed. The letter indicated that the State government was committed to supporting the development of aged care in the regions and confirmed that up to \$22.7 million had been allocated in the State Budget to support a Regional Aged Accommodation Program. The WSAHA project, along with others will have an opportunity to apply for funding with the breakdown of allocations below. No details of the assessment criteria have been released.

The breakdown of the funding for the Regional Aged Accommodation Program is:

2017/2018	nil
2018/2019	\$500,000
2019/2020	\$3,000,000
2020/2021	\$19,200,000
Total	\$22,700,000

The WSAHA also discussed applying for funds through the Federal Building Better Regions funding through the RDA Wheatbelt. The project ratios for funding under this program are \$1 for every \$3 from the Fund if you are deemed to be a remote council. Kulin, Kondinin and Corrigin are deemed to be remote, Cuballing, Narrogin, Wickepin and Wandering are regional so under the RDA guidelines and as the project includes multiple site locations with a mix regional and remote site locations RDA will consider the WSAHA project as remote with the funding level of \$1 Council \$3 RDA.

At the WSAHA meeting the following resolutions were carried:

“That the WSAHA revise the Aged Housing Project Business Case, budget and supporting documents in preparation for the next round of Regional Development Australia - Building Better Regions Funding which is anticipated to open at the end of 2017 and that the WSAHA still continue to work with the WDC to exhaust all avenues of State Funding”.

“That the WSAHA agree in principle for the Shire of Wickepin to utilise the WSAHA funds of \$32,020 towards the cost of a revised cost benefit analysis as part of the RDA grant application.”
