Summary

Council is required to adopt an annual budget for each financial year for the purposes of allocating resources towards the provision of works and services.

Council is requested to –

1. Adopt, by an absolute majority, the 2023-2024 Annual Budget which includes –
 - The Municipal Fund Budget for 2023-2024,
 - General differential rates, minimum payments, and instalment arrangements,
 - Fees and charges,
 - Council member payments, and

2. Adopt, by a simple majority, the 2023-2024 material variance reporting parameters.

Background

The 2023-2024 Annual Budget has been developed over several months, which has included –

- Workshops for council members aimed at delivering information, exploring concepts and clarifying options,
- Research with other local governments regarding the approach towards increased costs,
- Modelling of new Unimproved Valuations for properties outside townsites,
- Consideration of grant funding and the conditions for those funds, and
- Consideration of Council’s Integrated Planning Framework.

The following chart highlights the total of the Shire’s Unimproved Property Valuations over the past years. The valuations averaged an increase of 25% across the Shire for the 2023-2024 financial year.

The following chart highlights the total of the Shire’s Gross Rental Property Valuations over the past years. This year was a non-assessment year so any increase is as a result of extra development in townsites.

The following chart highlights the average rate increase set by Council over the past years. It is important to note Council was restricted by legislation from increasing rate percentages in 2020-2021 due to COVID-19 legislation. The Perth Consumer Price Index (CPI) (All Groups) is shown for each comparative year. In 2018-2019, 2019-2020 and 2020-2021 Council did not undertake to apply a percentage rate increase.

Comments

Annual Budget

The 2023-2024 Annual Budget has been prepared to include information required by legislation and Australian Accounting Standards.

The main features of the Annual Budget include –

- Minimum Payments for Rates has increased to \$550, compared to \$525 in 2022-2023.
- The initial rates strike is \$1.69 million, which compares to \$1.60 million in 2022-2023.
- Individual salaries and wages have increased by 5.75% in accordance with instruction from the Fair Work Commissioner.
- Fees and charges increased by 5%, where applicable, to reflect the increased cost in providing goods and services.
- Entry fees to the Wickepin Swimming Pool remain the same as for 2022-2023.

- Total capital expenses of \$3.27 million, representing \$2.28 million in new initiatives and \$0.99 million of projects funded and carried forward from the previous year.

Any changes to this surplus value will be presented to Council at a future budget review.

Material Variance

Each year Council is required to adopt a percentage or value for the purposes of reporting material variances in the monthly Statement of Financial Activity.

This value or percentage is then used throughout the financial year to identify potential areas in Council's actual revenue and expenses which may be deviating from Council's budget.

The early identification of those potential issues can assist in better utilisation and allocation of Council funds and resources.

It is proposed to maintain the material variance adopted by Council in 2022-2023.

The level for reporting is proposed is for 10% or \$10,000, whichever is the greater.

It should be noted Shire officers are monitoring variances at a more granular level on a weekly basis.
