

## ***Harrismith Remembrance Wall***

The Harrismith Remembrance Wall was created at the back of the existing niche wall at the Harrismith Cemetery during its refurbishment in 2019.

The Remembrance Wall offers the opportunity for placement of commemorative plaques without the tenure restrictions applicable to the niche wall.

### **Erecting a Plaque on the Harrismith Remembrance Wall**

Anyone wishing to erect a plaque on the Harrismith Remembrance Wall must do so through the Shire of Wickepin Administration Office.

Plaques are subject to size and design guidelines.

Cost of plaques varies according to the number of characters and lines on the plaque.

For additional information please obtain a plaque order form from the Shire of Wickepin.

Please be aware that the Remembrance Wall is for commemorative plaques only.

If a placement of ashes is required, the plaque must be affixed on the niche wall and all necessary reservation documentation completed.
