Birthday wishes to Connor McDougall, Ben Mutton, Ken Bergin, Daphne McKenzie, Jebadiah Baker, Kiara Richards, Ross McDougall.

The funeral service for Dave Wilson will be held at the Wickepin cemetery at 1.00pm on Thursday 21st July.

The community is invited to attend the the Community Centre for refreshments following the service.

Baz Luhrmann has done it again with the movie Elvis being an outstanding success.

On Thursday 14th July four women from Yealering travelled to Perth to enjoy the movie and enjoy it they did. Shirley, Maus, Robyn and Daphne left Yealering at 7.15am, drove through heavy fog from ½ way to Pingelly until Wandering then from North Bannister to Armadale extremely heavy rain but nothing was going to dampen or spoil the day. The movie took all of us back to our teenage years. Great memories, great company, great day. Sorry Sue, next time.

Lucas Bransby and Stirling Matthews played in the same hockey team at the carnival in Narrogin over the weekend. The team was coached by Jody Matthews. They are very proud of themselves for winning the carnival.

Elaine Bushby returned on Friday after a wonderful trip to Canberra to visit two older sisters. There was a lot of laughter and reminiscing, catching up with nieces, a cousin and friends. A memorable trip to Bowning, 75 kms from Canberra, for breakfast at a café called 'Rollonin Café' where the hostesses are dressed in caps and old fashioned dresses and aprons. There are a lot of old paper cuttings plastered around the walls, and there is a photo of my father's and his brother's school class from 1920. We then had a tour around Yass where I was born and where our family lived for many years.

The weather was superb. Cold and frosty early mornings with temperatures dropping to -3° and days reaching about 13° but the days were sunny and warm.

Keith Bushby's grandaughter, Dominica Kulk (nee Bushby) visited Wickepin for a couple of days last week with her four children. They all enjoyed time visiting the farm and especially had fun at a rather large bonfire. Dominica's youngest, Kylah, hasn't visited Wickepin before and she loved being close to great grandad.

#### The MCG and Mine Tour

The Virtual Village held their second event on Friday 15th of July.

The bus was full of 20 people and it headed to Malyalling for afternoon tea, where we were joined by 2 more people including Steven Martin who was passing through. We were welcomed to our picnic with a fire and a very slowly boiling billy.

We then loaded back onto the bus and headed towards to the Kaolin Mine, where the Executive Director, Alf Baker gave us a tour of the huge pit area of the mine and then explained the processing of the Kaolin at the plant which is housed in the massive shed that now dominates the East Wickepin landscape. The scale of the projected production of the Kaolin and the opportunities the mine will offer our community are both amazing and very exciting.

The bus then headed back to Wickepin and we had a quick photo and the reveal of the mystery item, which was a street light shade dated from photos to be 1953, although the suggestion on the bus was that they could have been installed in 1936. Another trip is planned soon.

#### RETIRED FORMER CEO - MARK HOOK

Farewell and Good Luck to retired former CEO Mark Hook. Mark joined the Shire of Wickepin in March 2012. He came here with his wife Marion, and youngest daughter (also Marion) and they all quickly embedded themselves into our community and made it their home. Mark and Marion quickly became involved in the community through both work and sport, and were both integral members of the Wickepin Bowling Club and UGSBL, of which Mark was the President for some years. He also took on all executive roles in the local bowling club and Wickepin District Sports Club, as well as served on the Wickepin Primary School Council.

Some of the projects that have come to fruition are the Living Lakes Project at Yealering; the WA Kaolin Mine at East Wickepin; the Independent Living Units at Wickepin; Expansion of the Railway Dam for water catchment; Construction of new staff housing and planning for improvements to the Caravan Parks within the shire. Mark has been a strong supporter to the Local Emergency Management Teams of the Ambulance and Fire Brigades and has been a wonderful asset and has provided integral advice when needed to the Wheatbelt South Regional Road Group Committees and the WALGA Central Country Zone group of Councils.

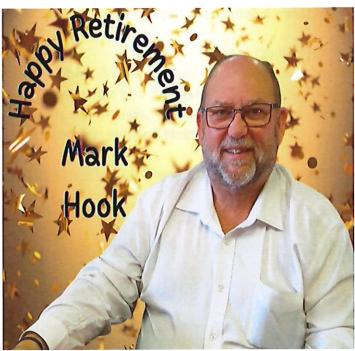

Mark and Marion are leaving after ten years, looking forward to retiring from the regular workforce and to spending time in their new home in Mandurah.

We would like to thank Mark and Marion for their dedication, patience, determination and perseverance in seeing Council projects come to fruition, and for their assistance and involvement in our Community, and wish them all the very best in their retirement. President - Councillor Julie Russell

#### SOUTHERN CENTRAL WHEATBELT COMMUNITY BUILDERS PROGRAM

The Community Builders Program represents a grass roots leadership program that seeks to support communities to better understand and BUILD their local community.

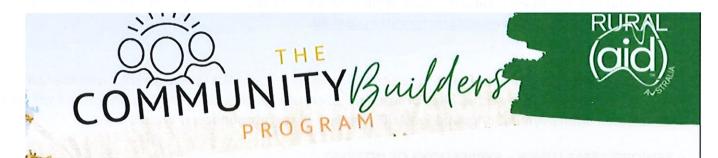

Peter Kenyon, founder of Bank of Ideas, has taken on the leadership role to infuse excitement and engage the communities to become actively involved. His wealth of knowledge, experience of community building from all over the world and his passion for rural communities is motivational to ALL.

Rural Aid, as a national charity, is committed to supporting farmers affected by natural disasters. It also recognises the need to create more sustainable local rural communities.

The Southern Central Wheatbelt Area has been chosen and WICKEPIN is one of the lucky town's to be involved. Six cluster meetings around the Wheatbelt region will take place where there will be training, learning and action plans developed for each community. The project aims to collaborate, collectively strategise and identify areas of strength in each community.

For the future of Wickepin's Towns, we need people of our community to jump on board this inspiring project and GET INVOLVED. There are six (fully catered) cluster meetings around the Wheatbelt region. The next being in Darkan, this Thursday, 21 July.

If you would like to join Karen (CDO, Shire of Wickepin) and Veronica (Volunteer) from Yealering. Please call the Shire Offices on 9888 1005 for more information.

#### Beware backyard car dealers

There's a lot to weigh-up when buying a car, such as the make/model and how much you want to spend, but one important thing to investigate is who you're actually doing business with.

We're warning consumers to be wary of backyard operators who buy and sell multiple vehicles as a profit-making business, as they may rob unsuspecting consumers of their rights to a warranty and other remedies should something go wrong with the vehicles after purchase.

In recent weeks, we have successfully prosecuted three unlicensed motor vehicle dealers who sold 172 vehicles between them and collectively received almost \$52,000 in court fines. One of those individuals was also convicted of winding back the odometers on two vehicles by a total of 366,700 kilometres.

One complainant contacted us after the car he'd purchased had broken down and had finance still owing on it from a previous owner. Another consumer who paid \$2,000 for a vehicle through the same unlicensed dealer had to spend a further \$4,500 to make it roadworthy.

These illegal traders generally do not repair any faults in the vehicle once sold, creating safety concerns.

Depending on the age and mileage of the vehicle, consumers who buy a vehicle through a licensed dealer may have a right to a warranty under the Motor Vehicle Dealers Act or a guarantee under the Australian Consumer Law. However, when buying privately or from an unlicensed dealer there are no such protections available.

You can protect yourself by doing some simple checks. Before buying a car, check that the seller is licensed by asking to see their Motor Vehicle Dealer's licence (MDL). If you are unsure whether the person you are buying from is licensed, visit Consumer Protection's <u>licence and registration search</u>.

Also search the <u>Personal Property Securities Register</u> at ppsr.gov.au to ensure the vehicle hasn't been written off, is unregistered or has money owing on it.

Help protect yourself and others on the road by reporting unlicensed dealers to Consumer Protection on 1300 30 40 54 or consumer@dmirs.wa.gov.au

#### Stay safe and well this winter

Keeping warm and safe during the colder months of the year also means being alert to the hazards created by commonly used heating products within the home.

Consumer protection authorities are urging Australians to stay safe this winter by knowing the risks associated with items like hot water bottles, wheat/heat packs, electric blankets and heaters.

June is also <u>Burns Awareness Month</u>, an initiative of Kidsafe Australia that focuses on raising awareness of prevention and correct first aid treatment for burns and scalds across all age groups.

According to the <u>Burns Registry of Australia and New Zealand</u> (BRANZ), about 76 percent of burn injuries happened in the home and around 18 children a week were admitted to hospital burns units, mostly due to scalds from hot drinks like tea and coffee.

BRANZ also found that nearly a quarter of children and 42 per cent of adults did not receive the recommended 'gold standard' first aid treatment for burns, which Kidsafe advises should include applying cool running water to the injury for 20 minutes.

Hot water bottles are popular at this time of year, but they too come with a risk of burns. That's why it's important to only fill them with hot tap water, never boiling water, and avoid contact with the skin by using a fitted cover or wrap.

Wheat or heat packs are another way we might try to keep warm, but these can become a fire-hazard if not used correctly. Be sure to follow the heating instructions, and if you smell something burning, then allow it to cool and dispose of the pack.

Electric blankets should always be turned off before falling asleep and remember to place heaters on a flat surface, away from children, pets and combustible items.

Winter is also an important time of year to ensure your smoke alarm still works – if it's more than 10 years old, it's due for replacing, while the batteries should be replaced every 12 months.

Find more winter safety tips at <a href="www.productsafety.gov.au/wellwinter">www.productsafety.gov.au/wellwinter</a> or learn more about burns prevention at <a href="www.kidsafe.com.au.">www.kidsafe.com.au.</a>
