### CATS

The Shire of Wickepin has received several complaints recently regarding the nuisance of cats within the townsite of Wickepin.

The new Cat Act 2011 was implemented to reduce the large number of stray cats being euthanized each year and to encourage responsible cat ownership; and provide for better management of the unwanted impacts of cats on our community and environment.

### What does this mean for you and your feline friend?

As of 1 November 2013, all domestic cats must be:

- a) **Microchipped** – you can microchip your cat at the Vet and help identify your pet if it ever gets lost or injured.
- b) **Sterilised** – Sterilisation will prevent unwanted kittens, reduce cat numbers in shelters and save wildlife by reducing the number of feral cats in our native bushland.
- c) **Registered** – You **MUST** register your cat with the Shire of Wickepin if it is 6 months or older. Your cat will be required to wear a collar and registration tag to ensure they can be easily identified and returned to you if they become lost. Registration is from 1 November to 31 October and costs are as follows:

	1 year period	3 year period	Lifetime
Sterilised	\$20	\$42.50	\$100
Breeding cat	\$100	n/a	n/a
Pensioners	½ of registration fee		

### ***My cat is very old, do I still need to have it sterilised?***

Yes, legislation applies to all cats of all ages. However, your vet can issue an exemption certificate if sterilising your cat is likely to have a negative impact on your cat's health and welfare.

### ***How does this affect cat breeders?***

- The legislation requires that a person who chooses to breed cats must apply to the Shire of Wickepin for a permit.
- **When a cat is sold or given away the seller must ensure the cat is microchipped and sterilised prior to transfer.**
- If the cat cannot be sterilised due to its health or age, the seller must issue a prepaid sterilisation voucher to the new owner.

All cats found roaming will be impounded and the owner fined. For the release of an unregistered cat the registration must be paid along with the fine.

# Dryandra Country

**Dryandra Country Art, Food and Wine trail is on again this Mother's Day Weekend**

4 Towns, 12 Venues and so much on offer.

Wickepin, Cuballing, Narrogin and Williams. 10am to 4pm. Saturday 13 and Sunday 14 May.

Wickepin, home to Albert Facey and his 'Fortunate Life' Homestead, has more than just literature and wild-flowers to recommend it. A surprising number of talented artists and sculptors live within the shire boundaries. Fine Artists to Found Object Sculptors and most things in-between can be seen at the **Wickepin Town Hall** over the Mother's day weekend. Floral art, wire jewellery-making demonstrations, Prema Sexton Photography, raw food treats and street food-to-go (or eat there) will also be thrown into the mix. Saturday will also be bustling with **Community Markets**.

An exciting new exhibition will be held at the heritage house '**Millbrook**' on the Albany Highway in the centre of Williams. Textile artist Bobbie Bates instigated 'Dare to Wear' which features the creations of more than 20 textile artists, each having been challenged to make a wearable art piece.

Whichever way you are travelling between Williams and Narrogin make sure you take the brief diversion to visit **Downderry Wines** This year the featured artist is Narrogin-based Michael Beckwith.

The **Town Hall Complex in Narrogin** will be buzzing with art, produce and wine in the main hall while an exhibition of work by the award winning artist Kirsten Sivyer will be in the **NEXIS Gallery**.

Catering in the Town Hall will be in the capable hands of The Quirky Cake Queen.

A new and unusual venue in Narrogin is the **Gnarrojin Community Garden** where 2D and 3D art will be found in the surrounds of the thriving vegetable beds. The café will be open and there will be plants and vegetables for sale along with activities for children of all ages.

The **Narrogin Art Group** will display the results of a Chair Challenge. The challenge went out to the whole community to decorate a chair, any chair, in whatever medium was chosen.

Local encaustic artist Dianne Strahan and her Queensland-based sister, professional artist and tutor Kelli Mac, have joined forces to exhibit at Dianne's home studio, **Dize Designs**.

Christine Davis will be showcasing her work at **Fairway Lane**, which was humming with visitors last year and will no doubt attract similar interest this time.

**Chedoona Gallery** in Cuballing will have the work of local artists Peter Denton and Helen Elliott on display and for sale. John Robertson, who rescued the **Old Teacher's Quarters** by undertaking the renovation himself, will put his own eclectic art collection on display as well as work by local artists including David McFall. **Sugar Gum Cottage** located at Rosedale Farm just 3km out of Cuballing will find feature artist Colleen Quartermaine along with work by Geire Kami and John and Robyn and Alex Newman. On Sunday, local catering company The Polished Plate will be offering a scrumptious High Tea.

## **Come join aerobics in Wickepin and Stay Active**

People in the Wheatbelt have a higher rate of falls compared to the rest of WA.

Some of you may be surprised that it's not the most senior, frail people in our communities that are the only ones having falls.

Whilst it is true that as we get older our risk of falling and being injured by a fall increases; older people still living in their homes are also affected.

Approximately one in three people aged 65 or over who live at home fall each year. And of those who fell, 10% will have multiple falls and more than 30% will require medical attention.

"But falls shouldn't be considered a normal part of ageing" states Paige Rae, Health Promotion Officer at the Southern Wheatbelt Primary Health Service.

"Falls can be prevented and one way you can reduce your risk of falling is by being physically active," says Paige.

In Wickepin you can become active and help to prevent falls by joining the local Stay Active aerobics class, which is an active class suitable for people 50 years or over.

The aerobics class is developed by the Physiotherapist and has the added benefits of improving cardiovascular health, decreasing blood pressure, improving mental wellbeing, helping to manage and decrease the risk of diabetes, decreasing weight and decreasing pain.

The exercise class consists of a warm up, stretching component, stretches for specific muscle groups, balance exercises and strengthening exercises.

The group meets each Friday in the Wickepin Recreation Centre at 9.30am and it is FREE.

Come along on the 12<sup>th</sup> May 2017, when Physiotherapist, Lee Conlan will be in attendance and try out the exercise class.

If you can't make it on this day, or would like further information, please contact Lee Conlan at the Physiotherapy Department at Southern Wheatbelt Primary Health Service on 9881 0385.

### Recent Activity in the Shire

*Let's all work together to keep the  
'Bad Eggs' out of our Shire*

Wickepin Police are sad to report that there has been some minor damage and stealing in the Shire over the last few weeks.

A couple of weeks ago someone thought it 'ok' to take 15 litres of petrol from the maintenance shed at the Lake Yealering Bowling Club. In doing so damage was caused to the shed.

Also over the weekend of 25 - 26<sup>th</sup> March 2017, someone has gone into the grounds of the Wickepin Primary School, Henry Street and caused damage to the school and playground. They have broken a water fountain, smashed a security light as well as upturning a netball pole and removing the windows to a cubby house.

Both offences are small and mindless in manor but the persons committing these are affecting your community, and the hard work you all put in to keep this community safe and crime free.

If you have any information about the above, or any other criminal activity, please contact the Wickepin Police or Crime Stoppers on 1800 333 000.

*(All information can be given anonymously)*

### Temporary Road Works

As some of you may be aware the Shire is currently conducting road works on the Wickepin - Corrigin Road near to Kirk Rock Road.

The surface of the road is currently gravel and has temporary speed restrictions in place during these works.

Wickepin Police have personally witnessed vehicles travelling through this area at speeds greatly in excess of the posted 60Kmph limit.

I would urge everyone to comply with the signs. They are put in place for your safety and the safety of the works on site. The signs are not there just to inconvenience you and you could end up with an expensive traffic

## A University of Western Australia research project

### Community preferences for fox and feral cat management

You are invited to participate in a PhD (doctoral) research survey about your preferences for fox and feral cat management strategies in Dryandra Woodland.

This is an independent research project being conducted by Ms. Vandana Subroy at The University of Western Australia under my supervision.

As a member of the local community, your thoughts and opinions about conservation management in Dryandra Woodland are very important to our project.

We are currently conducting a survey about the community's preferences for conservation management. This survey would take only about 15 minutes to complete. It can be completed online through the following link:

[http://uwa.qualtrics.com/SE/?SID=SV\\_0DOBJVUQoJrvSZ](http://uwa.qualtrics.com/SE/?SID=SV_0DOBJVUQoJrvSZ)

Any information you provide will be kept anonymous and confidential. Data will only be used for this research and will only be reported in aggregate and de-identified form. More information is available via the link provided above. Those who complete the survey can elect to enter into a draw to win a cash prize of \$150.

The survey ends 30/04/2017. Questions? Please feel free to contact me on the details below or Vandana at: [vandana.subroy@research.uwa.edu.au](mailto:vandana.subroy@research.uwa.edu.au)

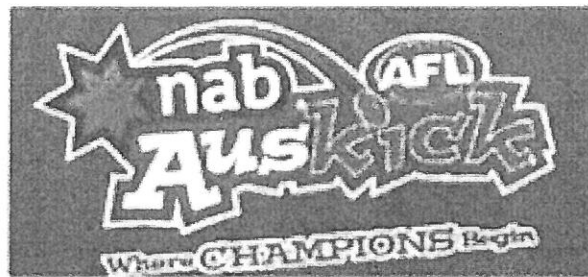

Thank you very much in advance for your help!

Sincerely,

Dr Abbie Rogers.

## AUSTRALIA'S NEXT LEADER!

Our Year 6 leader, Lionel McColl recently attended a leadership conference in Perth. This conference helped Lionel understand what it is like to be a strong leader and the positive impact that it can have on the school....plus he got to have Maccas on the way home. Lionel is looking forward to helping out Yealering PS improve into the future. Good work, Lionel.

## Narrogin Ag College Excursion

All students will be given the opportunity to visit the Narrogin Ag. Farm on Thursday 6th April. As part of the excursion the students will be viewing the processes taken in the food production cycle from growing, processing and recycling. They will then be travelling to Country Fresh Meats in Bintamilling Arcade to make sausages. Then onto Lions Park to cook the sausages, enjoy a sausage sizzle and have a quick play before returning to school.

## Who's This Former Student?

As a way to remember the past and celebrate the amazing fashions and bowl haircuts of the 80's, we are running a competition to see who can recognise our former students here at Yealering Primary School.

Can you recognise this person?

Hints:

- He has children at the school
- The ginger hair did not last
- He is often seen driving a truck up the 'hill'

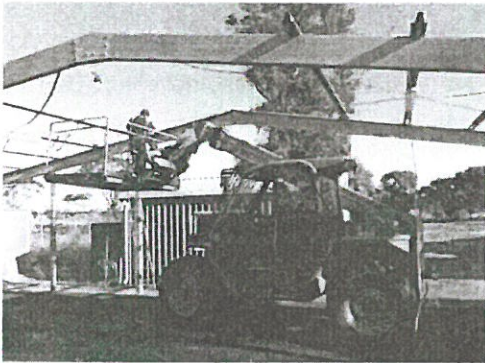

## Shedanigans

The She Shed He Shed members have had a tear down, weld on and get sorted type start to the year.

In February we started creating for the Dryandra Art Food and Wine Trail weekend in May. Imaginations have been stretched and possibly some ideas stolen to add yet another dimension to our skills and learning all to result in a tantalising stall of our own creations.

It was also the month that delivered a hay binder to the shed. Although in varying pieces the He Shedders are particularly keen to get into restoring this once proud piece of machinery. Thank you to Peter Bird and Raymond Matthews who were our delivery boys and to Tim Fleay for the donation.

March was a change of direction with the deconstruction of a large shed at the Tincurrin school site. This involved 15 people over 3 days and thanks must go to Rowan, Scott, Raymond, Chris and Danny from the Wickepin P&C for their assistance. The shed is now sitting in pieces at the Wickepin Primary School where there is a cunning plan afoot.

The welding workshop was held last week with people from Corrigin, Cuballing and Narrogin joining with a couple of locals to learn the skill or in some cases art of welding. Our patient and knowledgeable trainers, Tom Sands and John Meddings did an excellent job once again. Thank you.

Every club has plans and wishes and the Shedders are no different and we are looking forward to several new improvements happening soon to make the shed space more effective.

If this is a group that sounds like your sort of thing or if you have a job that needs doing, contact Rex Bergin or Libby Heffernan.

**Thank you Wickepin Community for assisting in raising \$3636.95 for the McGrath Foundation as part of the Women's 20 x 20 Cricket BBL Fundraiser!!**
