### Disclaimer

No responsibility whatsoever is implied or accepted by the Shire of Wickepin for any act, omission or statement or intimation occurring during council/committee meetings or during formal/informal conversations with staff. The Shire of Wickepin disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during council/committee meetings or discussions. Any person or legal entity that acts or fails to act in reliance upon any statement does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in discussion regarding any planning application or application for a licence, any statement or limitation of approval made by a member or officer of the Shire of Wickepin during the course of any meeting is not intended to be and is not to be taken as notice of approval from the Shire of Wickepin. The Shire of Wickepin warns that anyone who has an application lodged with the Shire of Wickepin must obtain and only should rely on **written confirmation** of the outcome of the application, and any conditions attaching to the decision made by the Shire of Wickepin in respect of the application.

Any member of the public wishing to participate in Public Question Time during Council meetings is welcome to do so; however, Council requires your name, address and written questions to be provided to the meeting secretary.

## SHIRE OF WICKEPIN QUESTIONS FROM THE PUBLIC

The Shire of Wickepin welcomes community participation during public question time. The following is a summary of procedure and a guide to completion of the required form.

- a. The person asking the question is to give their name and address prior to asking the question.
- b. Questions are to be directed through the chair, with the Presiding Member having the discretion of accepting or rejecting a question and the right to nominate a Councillor or Officer to answer.
- c. In order to provide an opportunity for the greatest portion of the gallery to take advantage of question time, questions are to be as succinct as possible. Any preamble to questions should therefore be minimal and no debating of the issue between the Gallery, Councillors or Officers is permissible.
- d. Where the Presiding Member rules that a member of the public is making a statement during public question time, then no answer is required to be given or recorded in response.
- e. Questions which are considered inappropriate; offensive or otherwise not in good faith; duplicates or variations of earlier questions; relating to the personal affairs or actions of Council members or employees; will be refused by the Presiding Member as 'out of order' and will not be recorded in the minutes.
- f. Where a member of the public submitting a question is not physically present at the meeting, those questions will be treated as an item of correspondence and will be answered in the normal course of business (and not be recorded in the minutes).
- g. Questions from members of the public that do not comply with the Rules of Question Time or do not abide by a ruling from the Presiding Member, or where the member of the public behaves in a manner in which they are disrespectful of the Presiding Member or Council, or refuse to abide by any reasonable direction from the Presiding Member, will be ruled 'out of order' and the question will not be recorded in the minutes.
- h. Answers to questions provided in good faith, however, unless reasonable prior written notice of the question is given, answers should not be relied upon as being totally comprehensive.
- i. Where a question (compliant to these rules) is raised and is unable to be answered at the meeting, the question shall be 'taken on notice' with an answer being given at the next appropriate Council Meeting.
- j. Public Question Time is set for a maximum period of 15 minutes, and will terminate earlier should no questions be forthcoming.
- k. To enable all members of the public a fair and equitable opportunity to participate in Public Question Time, each person shall be provided a maximum two minutes time limit in the first instance, in which to ask a maximum of two questions (whether these are submitted 'in writing' or 'from the floor'). A question may include a request for the tabling of documents where these are relevant to an issue before Council.
- l. Questions to be asked at the meeting will be registered, and the priority for asking questions shall be firstly 'questions on which written notice has been given prior to the meeting' (that is, prior to 12 noon on the day immediately preceding the meeting) and secondly, 'questions from the floor'.
- m. Should there be time remaining on the initial period for Public Question Time (i.e. 15 minutes) after all members of the public have posed their initial allotment of two questions, the Presiding Member will then allow members of the public to sequentially (in accordance with the register) ask a further two questions (with a two minute time limit) until the initial period for Public Question Time has expired.
- n. Any extension to the initial period for Public Question Time is to be limited to a period that will allow sufficient time for any remaining members of the public to ask their initial allotment of two questions.

**Summary:**

Monthly report For August 2018 submitted from the Manager of Works & Services, Gary Rasmussen.

**Comments:****Programmed Construction Works**

- Construction work will start again when the rain stops which will be close now.
- Tenders are back in for Bulldozer work, bitumen supply and asphalt
- Pipes are here for the construction season.
- The received tender price for asphalt is well within the budgeted price range.
- The dozer plant hire rates for tip works and gravel works is ok to proceed with the recommendation that has been put forward.
- The sealing prices for this year are higher than in the past. Three years ago it was \$3.25 per square metre. We are not the only shire that has been tendered the high price per square metre, it is probably something we will have to adjust to in the future.

**Maintenance Works**

- Our maintenance grader is still in a full winter grade the North-West of the Shire is complete and now he is in the center of the Shire.
- Our construction grader is still doing maintenance grading for the present time. I have Andrew and Alan on the 12M grader while Peter has been on leave, both of them have impressed me with stepping up and getting on with it.
- Elsinore road - the levels have been completed and I cannot move the water south or north. The only thing we can do is lift the road above the paddocks so the road is no longer the low point. Works will be in the 2019/2020 construction season.
- Truck drivers have patched the north end of Elsinore road as there was a bad bog holes.
- Pot-hole patching on going
- Rubbish tip maintenance, is on going
- Signage maintenance is on going
- Drainage & bridge works - a contractor will start the with the bridge inspections this week and a works program to be developed from this.
- Tree limbs have been cut off roads right across the network this will stop soon with the weather settling down.

### Occupational Health and Safety

- 40 channel UHF has been stolen from the grader.
- The plant & equipment pre-start sheets are working well.
- OHS course to be done by Andrew & Agatha .still to set a date for the course
- MSDS (Material Safety Data Sheets) Agatha has been a way on leave so no movement has been made on this hopefully completed by next council meeting.

### Workshop

- Mechanics position has been filled by Mr. Rob Clement who started on the 3<sup>rd</sup> September.
- Brett Rowe has stopped work; I have been impressed with his work and commitment to the Shire. Thanks Brett

### Depot

- We have excavated the wash bay and have installed the triple interceptor pits before the foundation is setup for the wash bay. The sewer line has to be trenched, just waiting for the ground to dry up.

### Parks and Gardens

- Road side spraying completed.
- Oval maintenance on going looking to get it up for cricket season.
- General mowing and whipper snipping on going.
- Walk trail maintenance, clean ups on going.
- Town site cleanup on going
- General maintenance at Lake Yealering, Harrismith and Tincurrin.
- Have been a team member down over past month's.

### Plant and Equipment

Quotes for WK 706 and WK0 have been received.

**Policy Implications:**

Refer to Councils Policy 3.1.8 – PURCHASING

**Financial Implications:**

The cost of the bitumen has risen since the budget adoption and will be catered for within the road works program for 2018/2019. The value used in the Budget estimates were \$3.00 m<sup>2</sup>.

**Strategic Implications:**

Fits with-in goals 1 and 2 from the 2018 Community Strategic Plan

**Statutory Environment:**

*Local Government Act 1995*

*Local Government (Functions and General) Regulations 1996*

**3.58. Disposing of property**

- (1) *In this section —*  
**dispose** includes to sell, lease, or otherwise dispose of, whether absolutely or not;  
**property** includes the whole or any part of the interest of a local government in property, but does not include money.
- (2) *Except as stated in this section, a local government can only dispose of property to —*  
(a) *the highest bidder at public auction; or*  
(b) *the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.*
- (3) *A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —*  
(a) *it gives local public notice of the proposed disposition —*  
(i) *describing the property concerned; and*  
(ii) *giving details of the proposed disposition; and*  
(iii) *inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;*  
*and*  
(b) *it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.*
- (4) *The details of a proposed disposition that are required by subsection (3)(a)(ii) include —*  
(a) *the names of all other parties concerned; and*  
(b) *the consideration to be received by the local government for the disposition; and*  
(c) *the market value of the disposition —*  
(i) *as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or*  
(ii) *as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition.*
- (5) *This section does not apply to —*  
(a) *a disposition of an interest in land under the Land Administration Act 1997 section 189 or 190; or*  
(b) *a disposition of property in the course of carrying on a trading undertaking as defined in section 3.59;*  
*or*  
(c) *anything that the local government provides to a particular person, for a fee or otherwise, in the performance of a function that it has under any written law; or*  
(d) *any other disposition that is excluded by regulations from the application of this section.*

*[Section 3.58 amended by No. 49 of 2004 s. 27; No. 17 of 2009 s. 10.]*

## Policy Implications:

### 3.1.7 PURCHASING

*OBJECTIVE: Provide compliance with the Local Government Act 1995 (WA) and the Local Government (Functions and General) Regulations 1996 (WA), deliver a best practice approach and procedures to internal purchasing for the Shire of Wickepin and ensure consistency for all purchasing activities within all Shire of Wickepin operational areas.*

### 9.3.2 COUNCIL FLEET VEHICLE MANAGEMENT

**OBJECTIVE:** Provide clear parameters in relation to Council fleet vehicle management.

#### 9.3.2.3 FACEY GROUP VEHICLE

The standard and changeover of the vehicle shall be in accordance with Council's direction at budget time each year. The changeover of the vehicle shall be managed by the CEO in accordance with budget parameters set by Council.

A vehicle is provided by the Shire of Wickepin for the Facey Group as per the MOU.

## Financial Implications:

Council has allowed a total of \$23,000 (GST Exclusive) in the 2018/2019 Adopted Budget for the vehicle change over. The Change over for the Toyota Hilux is within Councils budget allocation.

## Strategic Implications:

Fits within goal 1 and 5 of the Shire of Wickepin Strategic Community Plan 2018-2028 adopted by Council on the 15 August 2018.

**3.58. Disposing of property**

- (1) *In this section —*  
**dispose** *includes to sell, lease, or otherwise dispose of, whether absolutely or not;*  
**property** *includes the whole or any part of the interest of a local government in property, but does not include money.*
- (2) *Except as stated in this section, a local government can only dispose of property to —*  
(a) *the highest bidder at public auction; or*  
(b) *the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.*
- (3) *A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —*  
(a) *it gives local public notice of the proposed disposition —*  
(i) *describing the property concerned; and*  
(ii) *giving details of the proposed disposition; and*  
(iii) *inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;*  
*and*  
(b) *it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.*
- (4) *The details of a proposed disposition that are required by subsection (3)(a)(ii) include —*  
(a) *the names of all other parties concerned; and*  
(b) *the consideration to be received by the local government for the disposition; and*  
(c) *the market value of the disposition —*  
(i) *as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or*  
(ii) *as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition.*
- (5) *This section does not apply to —*  
(a) *a disposition of an interest in land under the Land Administration Act 1997 section 189 or 190; or*  
(b) *a disposition of property in the course of carrying on a trading undertaking as defined in section 3.59; or*

### 10.1.07 – Water Corporation Stand Pipes

Submission To:	Ordinary Council
Location / Address:	Whole Shire
Name of Applicant:	Mark J Hook, Chief Executive Officer
File Reference:	WS.SP.3007
Author:	Mark J Hook, Chief Executive Officer
Disclosure of any Interest:	Nil
Date of Report:	12 September 2018

#### Enclosure/Attachments:

1. Water Corporation Fixed Standpipes Frequently Asked Questions
2. Water Corporation Standpipe classification action plan
3. Water Corporation Rates and Charges
4. Water Corporation Fixed Standpipe usage summary
5. Wickepin Standpipe Map

#### Summary:

The Water Corporation has changed their fee structure for standpipes and council has to decide what standpipes it wishes to retain for firefighting, road works or commercial use including farmers other than in a drought situation.

#### Background

The Chief Executive Officer has been advised by the Water Corporation that pricing for Local Government owned Fixed Standpipes in country regions is changing. Council will still be entitled to access stand pipes for their own purposes, however high flow rate fixed standpipes that are publicly accessible will no longer be charged concessional rates and commercial rates will instead apply.

The new pricing structure is linked to the size of the standpipe meter, as this determines the flow rate. Small standpipes (20mm and 25mm) generally deliver between 20 – 40 litres per minute. Large standpipes (any pipe larger than 25mm) generally deliver from 80 litres per minute and above.

Standpipes with a meter size of 20mm or 25mm will continue to receive concessional rates if used for community purposes such as firefighting. All standpipes with a meter size above 25mm will be charged at a commercial rate, but an exemption to consumption charges will apply for water used for fire-fighting purposes.

Standpipes with a meter above 25mm that are located in a shire depot or locked for Shire use only will be able to access the concessional rate by providing evidence of the ability to control user access.

#### Comments:

The changes to the standpipe fee structure will commence from the 1<sup>st</sup> July 2019.  
Following are the costs for the standpipes under the new fee structures

## Appendix 1- New Standpipe Charges

Type of standpipe: (Water Corporation code)	Rates 2018/2019 New Description
Local Authority Standpipe	<p><b>Use:</b> For use by Shire only – must be locked or within a depot and not available for public access.</p> <p><b>Meter:</b> Can be any size service as long as it is for direct Shire use.</p> <p>No contractor access for Shire projects as they need to use the Commercial standpipes and charged the appropriate commercial Town Class rate for the region.</p> <p><b>Service Charge:</b> No Service Charge.</p> <p><b>Commercial Class 1 tariff:</b> \$2.534 per kilolitre (kL).</p>
Community Use Standpipe	<p><b>Use:</b> Available to assist local farmers for topping up their water tanks, households not connected to schemes etc.</p> <p>Limited use by Shire for their own purposes.</p> <p><b>Meter:</b> 20mm and 25mm standpipes that are publicly accessible.</p> <p>Storage tanks can be installed by Shires at these sites to improve accessibility to larger volumes of water in a timely manner if required.</p> <p><b>Service Charge:</b> 20mm Service Charge only.</p> <p><b>Farmlands tariff:</b> \$2.534 per kilolitre (kL).</p>
Commercial Standpipe	<p><b>Use:</b> For use by commercial customers; may include major road building, water carting for large projects, and farming.</p> <p><b>Meter:</b> Any meter above 25mm.</p> <p><b>Service Charge:</b> Meter-based service charges (according to the size of the meter).</p> <p><b>Town based charges:</b> ranging from \$2.534 cents to \$8.353 per kilolitre.</p>
Fire Standpipe	<p>Remains as is – no changes to current concessions. However, if a fire standpipe remains unlocked, Commercial charges will apply</p> <p><b>Service Charge:</b> No Fee. 100% discount.</p> <p><b>Water Use Charge:</b> No Fee.</p> <p><b>Note:</b> Currently some Shire standpipes with signs advising they are for fire-fighting only are unlocked. Shires will need to implement a locked system or commercial rates apply unless evidence provided it was for fire-fighting purposes to obtain a refund.</p>
Water Corporation standpipe	<p>Offer to handover/gift these standpipes to Shires where there is a desire to manage an additional service.</p> <p>If Shires are not interested, service to be disconnected.</p> <p><b>Charge to handover:</b> No charge.</p>
Private, Recycled and non-potable standpipes	<p>Remains as is – no changes.</p>

Following is the current charges for the standpipes for Community and Commercial Standpipes

**Summary:**

Council is being requested to grant permission to Rod House of Crawley requests permission to seek permission to carry out nectar sampling and seed collecting of *Leptospermum* sp from reserves (gravel pits, road verges, Townsite reserves) vested to the Shire of Wickepin for the period to June 2019.

With the following conditions:

- Permission is only granted to Jean Sloan
- Appropriate hygiene measures to be followed at all times to prevent the spread of plant disease and weeds.
- All care to be taken to avoid the disturbance of fauna habitat.
- All care to be taken to avoid any disturbance that may lead to soil degradation.
- No damage to be done to the Golf fairways and rough.
- No picking during imposed harvest and vehicle movement bans.
- No picking during Total Fire Ban

**Background**

Rod House of Crawley requests permission to seek permission to carry out nectar sampling and seed collecting of *Leptospermum* sp from reserves (gravel pits, road verges, Townsite reserves) vested to the Shire of Wickepin for the period to June 2019.

**Comments:**

The author of this report can see no issues in granting Rod House permission to carry out nectar sampling and seed collecting of *Leptospermum* sp from reserves (gravel pits, road verges, Townsite reserves) vested to the Shire of Wickepin for the period to 30 June 2019.

Following is an extract from the Department of Parks and Wildlife Flora Licensing Information Sheet.

*All flora that is native to Western Australia is protected throughout the State under the Wildlife Conservation Act 1950. Protected flora is defined as any plant (including any wildflower, palm, shrub tree, fern, creeper or vine) and includes any part of a plant, including seeds and spores.*

*On Crown Land, protected flora may only be taken by individuals who hold a licence issued by the Department of Parks and Wildlife (DPaW) under the Wildlife Conservation Act 1950. Persons who wish to take flora for identification, research, education, hobby, or other non-commercial purposes must hold a Scientific or Other Prescribed Purposes (SOPP) Licence.*

*Non-commercial collection of flora from private property requires the permission of the property owner, but no licence from DPaW.*

*If the flora is being taken for commercial purposes a Commercial Purposes (CP) Licence is required. A CP Licence must be held by each individual taking flora. Before a CP licence can be issued, the applicant must demonstrate that they have an area on which they are authorised to harvest flora. This includes the written permission of the government agency or authorised agent that is managing the land. If the land that the applicant wishes to collect on is CALM land/water or managed by the department, the Wildlife Licensing section will seek permission from the relevant DPaW district on the applicant's behalf*

*The commercial collection of flora from conservation estate (Nature Reserves, National Parks or Conservation Parks, etc) is generally not permitted.*

*CP licensees are required to submit returns of the flora taken under their licence, and licence renewal is dependent on the satisfactory completion and submission of such returns.*

*The commercial collection of flora species listed as Priority on the department's "Threatened and Priority Flora List" is also not generally permitted. If applicants wish to take Priority flora they must complete an "Application to Take Priority Flora Species under a Commercial Purposes Licence" and submit this to the department's Wildlife Licensing Section. Applications will only be approved where the activity will assist in the preservation or protection of the Priority flora species of interest. If successful the applicant will be issued with a CP Licence which is amended to allow for the taking of specified Priority flora species in the amounts approved by DPaW, and only for use as approved by DPaW.*

*Protected flora may only be taken from private property by the owner or occupier of the land or by a person who has the owner or occupier's permission. Protected flora taken from private property, whether it be harvested from natural or cultivated stands, may only be sold under a Commercial Producer's (PN) Licence. A PN licence only covers the properties that are listed on the licence, therefore if you wish to sell flora taken from other properties not listed on your licence you must apply for an additional licence. PN licensees are required to submit returns of the flora sold under their licence, and licence renewal is dependent on the satisfactory completion and submission of such returns. The applicant must state on their application form whether the flora to be sold is taken from Natural (P) or Artificial/Cultivated (A) stands, as well as listing the species and parts to be taken. The renewal of a licence is the responsibility of the licensee and will not automatically be granted. Each request for renewal is treated as a new application, so that in the event circumstances change, the appropriate licence conditions can be issued. Current letters of authority must be included with each application and the land to which the application relates and proposed species to be harvested must be listed. Licence renewal is dependent on the satisfactory completion and submission of returns.*

### Enclosure/Attachments:

Monthly financial report for August, 2018.

### Background:

In accordance with Section 6.4(2) of the Local Government Act 1995 and Regulation 35 of the Local Government (Financial Management) Regulations 1996, attached are the monthly financial reports.

- (1) Operating Statement by Function and Activity
- (2) Bank Balances and Investments
- (3) Outstanding Debtors.

### Comments:

Council is required to prepare the Statement of Financial Activity as per Local Government (FM) Reg. 36, but can resolve to have supplementary information included as required.

### Statutory Environment:

Section 6.4(2) of the Local Government Act 1995

Local Government (Financial Management) Regulations 1996

34. Financial reports to be prepared s. 6.4

- (1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail -
  - (a) Annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1) (b) or (c);
  - (b) Budget estimates to the end of the month to which the statement relates;
  - (c) Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
  - (d) Material variances between the comparable amounts referred to in paragraphs (b) and (c); and
  - (e) The net current assets at the end of the month to which the statement relates.
- (2) Each statement of financial activity is to be accompanied by documents containing -
  - (a) An explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets;

- (b) An explanation of each of the material variances referred to in sub regulation (1) (d); and
  - (c) Such other supporting information as is considered relevant by the local government.
- (3) The information in a statement of financial activity may be shown -
- (a) According to nature and type classification;
  - (b) By program; or
  - (c) By business unit.
- (4) A statement of financial activity, and the accompanying documents referred to in sub regulation (2), is to be -
- (a) Presented to the council -
    - (i) At the next ordinary meeting of the council following the end of the month to which the statement relates; or
    - (ii) if the statement is not prepared in time to present it to the meeting referred to in subparagraph (i), to the next ordinary meeting of the council after that meeting; and
  - (b) Recorded in the minutes of the meeting at which it is presented.
- (5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with AAS 5, to be used in statements of financial activity for reporting material variances.

Capital Expenditure Program YTD

**SHIRE OF WICKEPIN**  
**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**For the Period Ended 31 August 2018**

**1. SIGNIFICANT ACCOUNTING POLICIES**

**(a) Basis of Accounting**

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this statement are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**Critical Accounting Estimates**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

**(b) The Local Government Reporting Entity**

All Funds through which the Council controls resources to carry on its functions have been included in this statement.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 12.

**(c) Rounding Off Figures**

All figures shown in this statement are rounded to the nearest dollar.

**(d) Rates, Grants, Donations and Other Contributions**

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

**(e) Goods and Services Tax**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable.

The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**SHIRE OF WICKEPIN**  
**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**For the Period Ended 31 August 2018**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(f) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

**(g) Trade and Other Receivables**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

**(h) Inventories**

***General***

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

***Land Held for Resale***

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

**(i) Fixed Assets**

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead.

Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

**SHIRE OF WICKEPIN**  
**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**For the Period Ended 31 August 2018**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(j) Depreciation of Non-Current Assets**

All non-current assets having a limited useful life are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation rates and periods are:

Buildings	30 to 50 years
Furniture and Equipment	4 to 10 years
Plant and Equipment	5 to 15 years
Roads	20 to 50 years
Footpaths	20 years
Sewerage Piping	100 years
Water Supply Piping and Drainage Systems	75 years

**(k) Trade and Other Payables**

Trade and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

**(l) Employee Benefits**

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

**(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)**

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs.

**(ii) Annual Leave and Long Service Leave (Long-term Benefits)**

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

**SHIRE OF WICKEPIN**  
**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY**  
**For the Period Ended 31 August 2018**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(m) Interest-bearing Loans and Borrowings**

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

***Borrowing Costs***

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

**(n) Provisions**

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

**(o) Current and Non-Current Classification**

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

### 10.2.04 – Peter Clarke – Old Wickepin Cemetery

Submission To:	Ordinary Council
Location / Address:	Old Wickepin Cemetery, Cemetery Road Wickepin
Name of Applicant:	Peter Clarke
File Reference:	CP.MAI.560
Author:	Mark J Hook, Chief Executive Officer
Disclosure of any Interest:	Nil
Date of Report:	30 August 2018

#### Enclosure/Attachments:

#### Summary:

Council is being requested to allow Mr Peter Clarke to request the University of WA to undertake a survey of the Old Cemetery Site to locate all unmarked graves. Mr Peter Clarke has stated that he would be happy to meet any costs associated with the survey.

#### Background

The Chief Executive Officer has received the following email from Mr Peter Clarke.

*Thank you for returning my call regarding the Old Cemetery. I was aware there was a fire that destroyed records but I had no idea it was deliberately lit, there must be a great story attached to that incident. My interest in the Old Cemetery is that my grandfather is buried there and our family has attempted to discover his grave but were unsuccessful because of the lost records. My grandfather is James Nicholas Wearn Matthews who died in January 1929. I believe his name is on the board which is located at the cemetery. My inquiry is in regards to the Shires knowledge of the actual location of the graves. Are there any records/maps which identifies the graves? When I have visited a few graves are still evident but most seem to have returned to the bush. It has occurred to me that it would be respectful for those who are buried at this historical site to have a record of grave sites. I have no experience or knowledge on how such a survey would be carried or if the Shire and the people of Wickepin would even want this to be carried out. I assume protocols would need to be followed at such a site with supervision to ensure the site was not disturbed. I have phoned the University of WA to see if they could assist and they have suggested I write to them regarding my inquiry. I would be happy to meet any of the costs associate with a survey, if it was to occur.*

#### Comments:

*The Chief Executive Officer has replied to Mr Peter Clarke with the following email. Thank you for your email and phone conversation regarding the old Wickepin Cemetery and locating your Grandfathers grave. Sorry for the late reply but I have been doing some research myself on the old cemetery and unfortunately like yourself I have not been able to find anything. I have prepared an Agenda item for Council regarding your email and the University of WA undertaking a survey. The real issue will be how to identify the actual unmarked graves with no maps to identify who has been buried in each plot.*

## Statutory Environment:

### *Cemeteries Act 1986*

**Cemetery** means land declared by the Governor to be a cemetery under section 4(1) or deemed to be a cemetery under this Act and so far as the context allows includes a disused burial ground and a closed cemetery;

*Where an order is made or is deemed to have been made under section 5 vesting the care, control and management of a cemetery in a local government, the local government shall, subject to this Act and to any necessary modifications, perform and be subject to the duties imposed on Boards under this Act and may exercise the powers conferred on Boards under this Act; and references in this Act to a Board or Boards shall be construed accordingly in relation to such a local government as the case may require.*

#### **24. Management of cemeteries**

##### **(1) A Board shall —**

- (a) set aside areas of a cemetery for burials; and*
- (b) preserve and maintain a cemetery in a safe, clean and orderly condition.*

#### **43. Vesting control of closed cemetery**

- (1) The Governor may, by order published in the Gazette, vest the care, control and management of a cemetery closed under the Cemeteries Act 1897 or this Act, in a Board or other person.*
- (2) Every closed cemetery the care, control and management of which is vested in a Board under subsection (1) shall be deemed to be a cemetery for the purposes of this Act, but no burial may be permitted in the cemetery except in accordance with section 4(2) or with the written approval of the Minister under section 12.*

**10.2.05 – She Shed He Shed group - Transportable Office Crib Room**

<b>Submission To:</b>	Ordinary Council

<b>Date of Report:</b>	5 September 2018

**Enclosure/Attachments:**

**Summary:**

Council is being requested to give the She Shed He Shed group permission to place a transportable office crib room at the Wickepin Recycling Yard currently utilised by the She Shed He Shed Group.

**Background**

The She Shed He Shed group requested permission to place a transportable office crib room at the Wickepin Recycling yard currently being used by the She Shed He Shed Group.

The transportable building was donated to the She Shed He Shed group on the provision that they remove the structure from its current site immediately. The CEO has given temporary permission to place the transportable at the recycling yard subject to Council approval and all building and town planning approvals.

Following is a photo of the transportable building.

**Comments:**

The She Shed He Shed group would like to place the transportable building permanently at the Wickepin Recycling Yard directly off the existing shed as shown in the following Photo. The structure will fit between the shed and the gate.

Councils building surveyor and the Town Planner will be liaising with the She Shed He Shed group for the required building and Town Planning requirements.

There appears to be no issues with the relocated building being placed at the Wickepin Recycling yard in the proposed space at end of the shed.

Council needs to consider that once approval is given to the She Shed He Shed group to place the transportable office crib room on councils property council is agreeing to the care control and management of the facility, as it sits on land owned by the Council. It needs to be clearly stated to the She Shed He Shed group that if council allows for the transportable office crib room to be placed on council's property at the Wickepin Recycling Yard council may not replace the transportable office crib room once it reaches the end of its useful life. It should also be made clear that until a lease agreement is made between She Shed He Shed group and the Shire of Wickepin stating differently the maintenance and cleaning of the pre-fabricated Office Crib Room shall be at the expense of the She Shed He Shed group once it has been installed.

**Summary:**

Council is being requested to adopt the amended Policy 2.1.16 Authorisation to Purchase Goods and Services to allow for the Works Supervisor to write purchase orders.

**Background**

With some adjustments to the tasks being undertaken by the outside works staff the Manager of Works has requested that the Shire Works Supervisor Mr Peter Bransby be given authority to write purchase orders.

**Comments:**

The CEO understands the need for the Shire Works Supervisor Mr Peter Bransby to write purchase orders and recommends that the Works Supervisor Mr Peter Bransby be given authority to write purchase orders..

If Council agrees with this request the Council Policy 2.1.16 Authorisation to Purchase Goods and Services will need to be amended as follows.

**2.1.16 AUTHORISATION TO PURCHASE GOODS AND SERVICES**

**OBJECTIVE:** Establish guidelines for the purchasing of goods and services by employees.

The CEO is permitted to issue orders and purchase all authorised expenditure on Council's behalf.

The following employees are authorised, on delegation by the CEO, to purchase goods and services:

- Deputy CEO up to \$25,000;
- Finance Officer up to \$1,000;
- Manager of Works and Services up to \$50,000;
- Community Development Officer up to \$5,000 with other expenditure in consultation with the CEO;
- Executive Support Officer and Customer Service Officer – office expenditure up to \$1,000;

- Works Supervisor up to \$2,500; and
- Mechanic up to \$2,500.

### Purchase Orders

A purchase order is required for all expenditure over \$100 and will only be raised for items within a budget.

The following information is to be included on the Purchase Order:

- Date Requested.
- Requesting Officer.
- Contact details of supplier.
- Description of goods including quantity.
- Job Code (request code from Finance Officer if not known).
- Date Required By if applicable.
- Include supporting information e.g. Council resolution in support of request, delivery location, date required etc.
- Details of verbal or written quotations or tender.

Designated forms are completed as evidence of recording the quotations to ensure there is transparency in the process with reasons for selecting specific suppliers and justification for purchase decisions. Evidence of requested quotes should be maintained such as names, telephone numbers, email addresses and written correspondence.

Quotes for goods and services may be selected based for reasons other than price alone, such as previous good service, availability and reliability. Recording the reasons for selection is required to demonstrate the probity of all purchasing decisions. Quotes and supporting documentation should be attached to the purchase order and forwarded to the Finance Officer.

On receipt of a Purchase Order the Finance Officer will check:

- The correct job or general ledger code is allocated.
- There are sufficient funds in that budget code.
- The quotation record sheet is correctly filled out.

**Main Roads Direct Grants**

The Chief Executive Officer has been advised by Main Roads that the direct Grants for 2018/2019 for the Shire of Wickepin are as follows.

Shire of Wickepin            \$117,214

At the time of adoption the budget Council was advised that the 2018/2019 Direct Grants was going to be \$72,120 and that was the figure used in the 2018/2019 Budget Estimates. So Council has actually had an increase of \$45,094 on the 2018/2019 Direct Grants.

This puts the Direct Grants back to roughly the same amount prior to them being reduced by 50% in 2017/2018. The 2016/2017 allocation was \$116,741.

**Mechanic**

The Chief Executive Officer, after advertising and undertaking selection interviews has appointed Mr Rob Clement as Councils mechanic. Rob has been placed on a three month trial basis and has commenced work at the depot.

**Finance Officer**

As previously advised Amanda Smith has tendered her resignation as Finance Officer with the Shire of Wickepin effective on the Friday 14 September 2018. The CEO has commenced the advertising off a new Finance Officer. The position was offered internally and there were no takers for the current Finance Position.
