WELCOME

Welcome to the Strategic Community Plan 2023-2033, the guiding document for the Shire of Wickepin over the next 10 years.

I am proud to present the Shire of Wickepin Strategic Community Plan which provides our roadmap to achieving shared goals and aspirations. This Strategic Community Plan outlines the community's priorities and visions for the future, and sets out the key strategies required to implement and achieve these.

This plan continues to share our vision and aspirations for the future and outlines how we will, over the next decade, work towards a positive future for residents in the Shire of Wickepin.

Council needs clear directions to enable it to make tough decisions between many competing priorities, and this direction is given through the Shire of Wickepin's overarching document – The Strategic Community Plan, ensuring that all moves are towards achieving the community's vision for the future.

This plan could not have been produced without the involvement of the local community. In 2018 when the current plan was first developed we had excellent input from across the community and this was repeated in 2021 as part of a desktop review of this plan.

I am very grateful to those members of the community who became involved and took the time to provide input for the plan. Your responses gave Council valuable insight towards the priorities and visions for the future of the Shire of Wickepin as a whole, and I thank you very much.

Council now looks forward to working together with you all in bringing this new Strategic Community Plan to life.

Cr Julie Russell

SHIRE PRESIDENT – March 2023

YOUR COUNCIL

Councillors have a specific role in relation to developing the local government's vision and long term goal setting. The development and implementation of our community's aspirations and goals will be facilitated by the Shire's Councillors. The Councillors meet regularly to discuss issues and imperative areas arising in the community. Councillors act to ensure that they:

- Represent the interests of electors, ratepayers and residents of the district;
- Facilitate communication between the community and the Shire;
- Participate in the local government decision-making processes at council and committee meetings;
- Provide appropriate services and facilities are efficient, effective, adequate and equitable;
- Properly manage the environment, consistent with the principles of ecologically sustainable development; and
- Take into account the long-term cumulative effects of the Shire's decisions.

THE PURPOSE OF THE STRATEGIC PLAN

The Strategic Community Plan shapes the delivery of Shire services over the next ten years. The Plan was initially developed in 2018. A desktop review of this Plan commenced in 2023 and concluded in March 2024.

The review process included several community engagements that provided the Council with sufficient direction on the aspirations of the community when conducting the desktop review. The Plan has been developed to guide the Council in carrying out its functions as a local government to use its best endeavors to meet the needs of current and future generations through an integration of service delivery, social advancement, infrastructure improvements and economic prosperity.

Under the Local Government (Administration) Regulations 1996, state government legislated an integrated framework for corporate planning and reporting. This framework requires all local governments in Western Australia to have two key documents: a Strategic Community Plan and a Corporate Business Plan, which are supported by informing strategies including the Workforce Plan, Asset Management Plan and Long Term Financial Plan.

The Strategic Community Plan identifies what the Shire is seeking to achieve and the Corporate Business Plan outlines how it will achieve this.

Wickepin contains rich agricultural lands that were opened for settlement in 1893. The locality began as a watering point known as Yarling and was used by early sandalwood cutters.

The Shire covers an area of 198,900 hectares and includes the towns of Wickepin, Yealering, Harrismith and Tincurrin. The Avon, Blackwood and Murray Rivers rise in the Shire.

The Shire is a prosperous farming area with excellent wool and lamb production. Cropping is done on a large scale with wheat, oats, barley, lupins and canola grown. Wickepin is also home to the Facey Group, a prominent grower group in Western Australia that is committed to improving the economic, social and environmental sustainability of broad acre farming through research, development and information in the region.

Wickepin is known for being the home of Albert Facey, an Australian Biographer. His house has been moved to the centre of the town as a tourist attraction. The Homestead was built in 1924 and has been fully restored.

The town offers excellent facilities for locals and travellers. Great walks, a BBQ area, children's' playgrounds plus there are two primary schools in the Shire – Yealering and Wickepin – a medical centre, police station, church, and Community Resource Centre in Wickepin, as well as Bushfire Brigades, sporting and community groups across the Shire. St John Ambulance covers the Shire of Wickepin with Ambulances in Wickepin, Harrismith and Yealering.

CONSIDERED RISKS

Throughout the Strategic Planning process a number of internal and external risks have been discussed and presented to Council for consideration, additionally Council conducted an analysis of the organisations strengths, weaknesses, opportunities and threats. The risks identified and being considered in the development of this Strategic Community Plan include:

INTERNAL RISKS

- Resources are split across multiple town sites
- Participation in regional groupings
- Shire is a major employer
- Competitive nature of external funding

EXTERNAL RISKS

- Ageing population
- Demographic profile of the community
- Loss of rail transport for grain
- Lack of business diversity
- Loss of essential services
- No bank in the Shire
- Lack of available, quality accommodation
- Telecommunications - internet and mobile
- Volunteer burnout
- Government red tape
- Close proximity to a regional centre (Narrogin)
- Loss of young people

GOING FORWARD WE WILL MANAGE OUR RISKS BY:

- Adhering to our risk management policies
- Conducting an annual audit and implementing the recommendations
- Adhering to the Integrated Planning Reporting guidelines
- Annually review our risk management processes
- Continually monitor risk at a Council level

our strengths

INTERNAL

- Positive financial position of the Shire
- Council demographics and leadership skills
- Plant equipment is in good standard
- Waste management
- Sport and recreation facilities
- We are open to new ideas
- We can react quickly

EXTERNAL

- Strength of agribusiness
- Access to fuel
- Facey Group
- Health services

our opportunities

INTERNAL

- Industrial and residential land development
- Caravan Parks

EXTERNAL

- Regional Organisation of Council / collaboration
- Community Resource Centre
- CBH in Wickepin
- Drive in and drive out of Narrogin (Wickepin offers a lifestyle choice)
- Lake Yealering, Toolibin Lake
- Facey House
- Wildflowers
- Heritage trails
- Kaolin Mine
- Facey Group

COMMUNITY ENGAGEMENT

The development of the 2018 Strategic Community Plan was informed by community engagement, including surveys, telephone interviews, community group engagement, business consultation and workshops. An estimated 152 people participated in those engagements, as detailed below:

- **71** survey respondents
- **24** random phone calls to ratepayers across all parts of the Shire answering a series of set questions (had not completed a survey)
- **20** community leaders of local clubs and associations separate to online and hard copy survey (sports, progress, emergency services etc.)
- **16** attendees at the RDA Wheatbelt Enterprising Communities Wickepin workshop and review of Harrismith and Yealering workshops
- **14** business owners across the Shire, separate to any other consultation
- **7** CRC, Medical Centre, Wickepin PS, Yealering PS, Police

The 152 active respondents represented 21% of the 2018 estimated population of the Shire of Wickepin.

For the 2023 review, community engagement was undertaken in March and April 2023. The community engagement process encompassed two formal mechanisms of engagement, being three community workshops and a community survey. A total of 151 persons were recorded as participants in this engagement, being 79 attending the three community workshop evenings, and 72 responding to the community survey.

The total of 151 persons represents a participation rate of almost 22% of the total population and 28% of residents aged 18 years and older. This met the standards articulated in the State Government's 'Integrated Planning and Reporting Advisory Standards'.

Notwithstanding this, the Council is cognisant that some duplication of numbers occurred by persons participating in both the survey and a community workshop. As most surveys were returned anonymously there is no way to determine specific numbers. The Council is satisfied that the feedback provided from the survey and community workshops is an accurate reflection of community perceptions, values, visions and provides good direction for the Council to determine future strategic directions.

The responses provided in the community survey indicate a very proud community, who value sensible funds expenditure towards items considered important. Community spirit and the kind natured people within the community, are highly valued, along with a sense of feeling safe. Having a relatively short distance to travel to the major centres of Perth and Bunbury is also valued. The community is largely optimistic about the future and opportunities within the district.

Respondents expressed that the Shire should focus more on:

- Rural roads (52 respondents)
- Regional development (21)
- Fire mitigation, fire prevention and fire-fighting (19)
- Pest control - mosquitos, mice, foxes, etc. (18)
- Community housing (18)
- Town planning (18)
- Public halls/community centres (17)
- Street verges (17)
- Town gardens (16)
- Animal control (15)
- Area activation – events, event support, etc. (15)
- Town streets (15)

Respondents expressed that the Shire should focus less on:

- Unemployment assistance (17)
- Arts and culture (12)
- Tourism (10)
- Governance over the district (9)
- Libraries (9)
- Building control (8)
- Salt mitigation (7)
- Heritage and history promotion (7)
- Rates collection (6)
- Food premises inspection (6)
- Protection of the environment (5)
- Synthetic turf facilities (5)

Clearly respondents had firmer views on what the Shire should focus more on than less on, with rural road (maintenance and improvements) being a clear focus.

It is noted that some of the matters seen by respondents as less important (less focus) are statutory responsibilities of local government and must continue to be delivered.

The results of the community engagement were used by council when reviewing strategies in the desktop review process.

GOALS AND STRATEGIES TO ACHIEVE OUR OUTCOMES
